Great Britain, France And Italy Not To Countenance German Interference

(International News Service)  
The Austrian crisis, and its repercussions in foreign capitals, was described in news dispatches today as follows:

**VIENNA**—Desperate fighting is still going on in Vienna suburbs and elsewhere, with the death toll mounting toward 2,000, but the Dollfuss government apparently is gaining the upper hand over the Socialists.

**LINZ, AUSTRIA**—Government troops shelled a workers' hospital, killing many, including a nurse, in an engagement in which girl nurses fought beside doctors, reinforcing the Socialists.

**LONDON**—Backing up its warning to Germany yesterday to keep hands off Austrian affairs, the British government decided to make "polite" inquiries as to Chancellor Hitler's intentions.

**PARIS**—The French government disclaimed any thought of giving armed assistance to Austria but continued to watch the situation closely.

**BERLIN**—An official Nazi statement predicted that Austria shortly would go Nazi.

**MOSCOW**—The Soviet press declared a successful communist revolution would follow the civil war in Austria.

### New Castle Stores Ready With Bargains Galore For Dollar Day Throngs

If you happen to hear some sharp, popping sounds Thursday, don't get alarmed. It won't be a machine gun practicing, nor will it be a barrage of champagne corks. The sound will be a lot of family bank rolls to take advantage of Dollar Day.

Keeping a dollar or two extra these days is an achievement but it is going to be more of an achievement to keep it at home when you see what your money will get you Thursday. Forty merchants or more

have combined to entice your money from the old family sock into the tills of the stores and once you get a look at the bargains prepare to weaken.

This will be a real sale, a sale where the merchants are offering "bargains as is bargains." Dollar Day is going to mean something and the shortsighted housewife tomorrow will be the one who stays home. There are times when you can't afford to buy and there are other times when you can't afford not to buy. Thursday is one of those days. From time a dozen articles up to

things costing important money the slashing will be noticeable. When your dollar gets a look at what it can do you'll hear it singing "I'm Headin' For The Last Roundup." For the sale is going to be a roundup of dollars.

A dollar will bring home the bacon Thursday. Or the hardware or the underwear or what you need. From the time the stores open at nine until they close for the evening the clerks are going to be plenty busy. If you miss out of the bargains it is nobody's fault but your own.

### Calls On France To Intervene

(International News Service)  
**PARIS, Feb. 14.**—The widely circulated newspaper L'Intransigeant this afternoon called upon the French government to intervene in the Austrian crisis to preserve the peace of Europe.

"Once the Socialists are crushed," said L'Intransigeant, "Fascism will be master of the country. Only France and her little entente partners will use the international means provided by the League of Nations covenant."

"Austria's independence from Nazi Germany must be maintained if we wish to keep peace. Let us act before it is too late."

### Tax Revision Bill Called Up In House

(International News Service)  
**WASHINGTON, Feb. 14.**—The \$258,000,000 tax revision bill was called up in the house today with Democratic leaders claiming a big majority for adoption of a "gag" rule on the measure.

Approval of the rule, which permits only the ways and means committee to present amendments, would assure passage of the bill within a week.

### Scientists Observe Freak Sun Eclipse

(International News Service)  
**TOKYO, Feb. 14.**—An expedition of American and Japanese scientists on tiny Losap Island, 2,000 miles southeast of Japan, today observed with great success a freak eclipse of the sun which began off the Malay Peninsula this morning and sped across the Pacific to end in Alaska last night.

In Tokyo, where the eclipse was only partial, astronomers obtained

excellent photographs of the phenomenon which, by crossing the international date-line in the course of its journey, earned the paradoxical title of "the eclipse which ended a day before it began."

The Losap expedition radioed they had fine weather.

Navy officials declared they considered the \$8,000 yen (about \$24,000) which they spent on the expedition was decidedly worthwhile.

Local residents were given an opportunity to glimpse the newest innovation in transportation circles this morning, when the new aluminum stream-line train of the Union Pacific railroad stopped briefly at New Castle Junction, enroute from Chicago to Washington, D. C., over the tracks of the Baltimore and Ohio railroad.

Just recently completed, the train is making a test run to the nation's capital, where it will be viewed to morrow by President Roosevelt, and will then be placed on display.

Bids were opened Tuesday afternoon for the lumber to build a one-room addition to the Brent school in Plaingrove township, the contract being awarded to the Citizens Lumber Company.

The work on the addition will be done by C. W. A. workmen, the school district purchasing the materials necessary for the job.

C. W. A. officials, members of the Plaingrove school board and bidders were present when the bids were opened yesterday in County Superintendent Syling's office.

It is expected to start work on the project at once, C. W. A. officials stated.

### Fathers And Sons Meet At Banquet

Second Annual Community Father-Son Banquet Is Fine Success

NEARLY 500 DINE AT CATHEDRAL

In spite of counter events that attracted Tuesday night, nearly 500 fathers and sons gathered in the Cathedral ball room for the annual Community Fathers and Sons banquet. While the attendance was slightly under that of last year this was not true of the quality of the program nor the interest manifest.

It was a night when Dad and the boy got away from the other dads and boys of the city and it would be a question who got the most out of the banquet, the boys or their fathers. Music and speeches and good fellowship had their part in making the evening the success it was.

Short Addresses  
Short addresses was the keynote of the evening. No one took up much time but in the short time they did consume all of them said something worth while.

The crowd gathered under the lobby of the Cathedral and at 6:25 marched down to the dining room with an orchestra providing a march accompaniment.

Rev. Fr. Joseph A. Doerr invoked a Divine blessing on the gathering and the crowd went to work on the plates that were served by the Wilmadous women. During the service W. O. "Red" Williams directed the pep singing, and later sang a solo. Andy Di Lorenzo also presented a solo and a Harmonica band directed by Daniel Racioppa put a lot of melody and pep into the meeting.

General Chairman Ralph Davis made a brief welcoming address and turned the meeting over to Dr. G. Bennett, the toastmaster. Dr. Bennett's toast was:

### Sight Arctic Seals In New York Harbor

(International News Service)  
**NEW YORK, Feb. 14.**—"Why back in 1934 it was so cold that a flock of seals came down to New York from the Arctic ocean."

When the venerable "Old Timer" of 25 years from now tells this one, his listeners will probably mumble into their beards and hurry away, just as the younger generation of today does when some one recalls

the blizzard of '88 or other past wonders.

But the "Old Timer" of the future will have historical fact to back him up. Six seals, of the type usually found near Greenland and weighing from 400 to 600 pounds each, were sighted on a cake of ice in New York Harbor today by shipping men and coast guardsmen.

Tomorrow the Museum of Natural History will send out an "expedition" to shoot one of the animals.

### Three Are Found Suicide Victims In Indiana Home

Fort Wayne Attorney, Wife And Daughter End Lives In Strange Pact

ONE DAUGHTER IN FAMILY SURVIVES

Death Of Girl, 9-Years-Old, Causes Family To Agree Upon Pact Of Death

(International News Service)  
**FORT WAYNE, Ind., Feb. 14.**—Reunited in death today by a weird suicide pact were Kenneth L. Larwill, prominent attorney, his wife and their two daughters.

Only one member of the family survived after it was agreed at a family conference that the death of 9-year-old Florence Larwill left "nothing to live for."

The lone survivor was Louise, 27. Although she had signed the death pact she was saved by falling from a chair in the gas filled room at their home.

Police broke into the Larwill home and found the bodies of the 54 year old attorney, his wife Mary, 52, and Miss Mary Larwill, 28. Life still remained in the body of the other daughter.

All were seated in a semi-circle around a gas heater.

### Plant Resumes Friday Morning

Announcement was made today that the Universal Sanitary Manufacturing company's plant at New Castle Junction would resume operations on Friday morning, February 16. Two hundred men will be returned to work it was said, although production will be limited to about 50 per cent for the time.

Officials of the plant believe the outlook for the spring is such that the plant will be on full production inside of the next month. The plant has been down since the first of the year.

### Farley Sends Strong Message To Lindbergh

(International News Service)  
**WASHINGTON, Feb. 14.**—Postmaster General James A. Farley sent a telegram to Col. Charles A. Lindbergh which is understood to have been couched in rather strong terms.

It was in reply to Lindbergh's telegram to President Roosevelt asking him to task for having summarily cancelled all existing air mail contracts.

Because Lindbergh made public his telegram to the president before it reached the White House, the White House declined to reply to it on the ground that it was inspired (Continued on Page Two)

Socialists Are Making Last Stand Is Report From Vienna

By HUDSON HAWLEY  
International News Service Staff Correspondent

**VIENNA, Feb. 14.**—Fierce fighting continued today throughout Austria as Socialists opposing the Dollfuss regime stubbornly resisted efforts of government troops to quell the civil war, now in its third day.

Although quite evidently fighting a losing battle, the Socialists were putting up a valiant 'last stand,' defying the government's ultimatum that fighting must cease by noon. They were surrendering only when forced to quit because of overwhelming odds against them.

Casualties were mounting rapidly as the fighting continued. No definite figures on the number of dead and wounded were available, but it (Continued On Page Two)

### Prosecution Is Surprised

Soles Murder Trial Witness Makes Contradictory Statements

TESTIMONY GIVEN CONCERNING NOTE

(International News Service)  
**PITTSBURGH, Feb. 14.**—Climaxing the third day of trial in the case of Robert S. Soles, of McKeesport, for the murder of his wife, Prosecutor Jack Haggerty today was surprised by the testimony of one of his own witnesses.

Leaping to his feet as Dr. W. C. Heisey, McKeesport surgeon, replied to questions of the defense, Haggerty told the court the doctor was contradicting statements made to him before the trial.

Dr. Heisey gave what seemed to be conflicting testimony at two different times today. Both concerned a note which the state contends was written after Laroux Soles, the death victim was shot. He finally testified that the woman might have written it after she was shot. The prosecution hopes to show the note could not have been written after the shooting.

Shortly before the noon recess, Dr. Heisey was excused from the witness stand. County Detective Peter Connors, who conducted the probe, followed him to the box.

**SANTA BARBARA, Cal., Feb. 14.**—Funny thing just when I was reading about our great ship, Lexington, being tied up and rotting, why who drops in to my igloo to see me but my old friend, Capt. Harley, who was the skipper of that ship during all its great years.

He says the excuse is that it is too big to operate. Yet England and France both are building bigger ones. Then Germany is waiting to see what they do, then she will build one still bigger. But ours is laid up because it's too big.

Well, anyhow, what there is to worry over, Greta Garbo is not married, so cheer up, everything is fine again. What does it matter who carries the mail, there hasn't been an important letter written in years.

# SEEK "GAG" RULE ON ANOTHER MEASURE

## Democrats Seek To Force Action

Tax Revision Bill Likely To Be Passed In House Under "Gag" Rule

### MANUFACTURERS SALES TAX SUGGESTED

By WILLIAM S. NEAL  
International News Service Staff Correspondent

WASHINGTON, Feb. 14.—The new \$58,000,000 tax revision bill faced debate in the house today with the leaders proposing adoption of a "gag" rule to insure its passage within a week.

Despite the opposition of many Democrats, a bipartisan majority of the ways and means committee backed the special rule which would deny members the right of amendment.

**Debate Empty Gesture.**

After the fight on the "gag" rule today, the house will have 16 hours of debate before a final vote is reached. Opponents of the "gag" rule charged the debate would be an empty gesture.

The fate of the manufacturers sales tax proposal of Rep. Crowther (R) of New York, was clouded as a result of the procedural fight. A chance will be offered backers of the sales tax for a vote on a motion to recommit the bill unless they are blocked by a counter motion.

Fear that the house would rip open the bill, attack the community-property taxes of the west and make a tariff bill out of the tax measure, prompted the "gag" proposal.

Rep. Lewis (D) of Maryland seeks an amendment which would make a husband file a return for all his income in these states. Under the community property laws husbands and wives divided the income for taxation purposes, thus escaping higher surtax rates.

**Seeks Sales Tax.**

Continuation of selected sales taxes on certain industries and miscellaneous taxes was assailed by Rep. Crowther, who declared that a 2½ per cent general manufacturers tax would make possible repeal of selected sales taxes now yielding \$350,000,000 a year.

He proposed to substitute the manufacturers sales tax for special taxes now being levied on the following articles: Auto trucks, automobiles, motorcycles, automobile parts and accessories, cameras and lenses, clocks, candy and chewing gum, brewers' wort, furs, firearms, shells, electrical energy, gasoline, lubricating oils, jewelry, watches, phonographs, mechanical refrigerators, matches, pistols, revolvers, soft drinks, radio sets, sporting goods, tires and inner tubes and toilet preparations.

**Dear Pa New:**

Regarding Mrs. George Carpenter's butterfly mentioned in this column yesterday, Mrs. Carpenter states that she is in a quandary as to what butterflies eat. Butterflies subsist entirely by liquid food which is drawn into the body by suction. No doubt, Mrs. Carpenter's butterfly is of the brimstone variety and comes from the Pieridae family. This species of butterfly is the first to make its appearance in the spring. The caterpillar of this butterfly, no doubt, has been located in some warm nook which has caused its arrival somewhat early.

### PIERCE FIGHTING RAGES IN AUSTRIA; MAY BE 2000 DEAD

(Continued From Page One)

was estimated 2,000 had been killed and there was a possibility the dead might exceed that figure.

**Hospital Is Shelled.**

Heaviest fighting apparently centered in Vienna and Linz and at the latter place one of the most tragic episodes of the civil war took place.

Government troops, seeking to dislodge Schutzbunders, shelled a workers' hospital. Doctors and nurses joined with the rebellious troops in resisting the government attack and many were killed, including one nurse. The valiant defenders of the hospital, however, eventually were forced to surrender to superior government forces.

One of the last remaining strongholds of the Schutzbund, the volunteer Socialist army, fell early this afternoon when government troops drove them from their headquarters in Floridsdorf, a working class suburb in the north east section of Vienna, across the Danube river.

**Heavy Bombardment.**

Capture of the Floridsdorf segment was preceded by a heavy bombardment. From four sides the government troops, which had ad-

vanced during the night over pontoon bridges across the Danube, poured a withering fire into the huge apartment buildings in which the Schutzbund forces were entrenched.

Several large apartment houses were completely wrecked by shell fire. Others were blown up by the Socialists themselves after their ammunition was exhausted and further resistance was impossible.

Losses on both sides were heavy. Government troops suffered severely from the broadsides fired by the embattled Socialists and from sniping that went on continuously from house tops and other points of vantage.

How many Socialists were killed by the blasting fire which government howitzers poured into their strongholds could not be learned—or even estimated.

**Women And Children Victims**

Likewise there was no way of knowing how many of the dead were women and children, but gauged by what happened yesterday when the Karl Marx Hof was similarly bombarded, it was considered certain that many of the victims were the women-folk and the children of the workers. Probably 10,000 workers and their families were housed in the Floridsdorf sector.

Driven from their Floridsdorf strongholds, the Socialists retreated to Stadlau where they again entrenched themselves and prepared for new resistance against the Huns.

In Simmering, another outlying district, heavy fighting also continued today. Socialists were stubbornly defending the huge gas works while government troops were attempting to drive them out.

Reinforcements for the government troops arrived today when a fresh Alpine regiment was brought here from Graz. They will relieve troops exhausted by three days of constant warfare.

A police official today gave this correspondent an estimate of casualties among the combatant forces during the past three days.

He said the police had lost 141, the Schutzbund 300 and the Heimwehr none at all.

Hampston Station was next on the list with 20 below while Coopers-town, in the same district equaled that mark. Kane reported a mark of 15 below, but was outclassed by Stoneboro and Rockland where lows of 18 below recorded.

Other below zero marks reported were: Oil City, 9, Franklin, 13, Titusville, 10, Cochranton, 14, Weeslee, 13, Clintonville, 10, Venus, 12, Grace-dale, 7.

**Warm Weather Predicted**

Harrisburg reported a low of eight above while at Wilkes-Barre the mercury stood at zero at six this morning. Philadelphia reported a low of 7 above.

The cold wave came from the Hudson Bay high pressure area which is reported moving south. It is expected to let up before reaching farther than Northern Maryland. Warmer temperatures were forecast for today and tonight with generally fair weather predicted.

There was one thing that the program didn't show and that was the presentation of a lamp to the father with the most sons present. The lamp was given to Attorney Thomas W. Dickey, who had fifteen sons present. They were not all his, but for the evening he rated the title of father insofar as they were concerned.

Attorney W. Walter Braham made the principal address of the evening. He compared the boys of the United States to those of Germany and Italy at the present time. "If our boys were in Germany now they would be wearing brown shirts and swearing allegiance to Hitler," said Mr. Braham. He compared the opportunities for boys in this nation to those of the Old World and said that here we believed that it was not necessary for a boy to be a soldier to be a good citizen. Rabbi Avery Johnson Gressfield pronounced the benediction.

The cars are built lower than the regular passenger car, and the rear coach is rounded at the end to prevent suction as it passes along at a high speed.

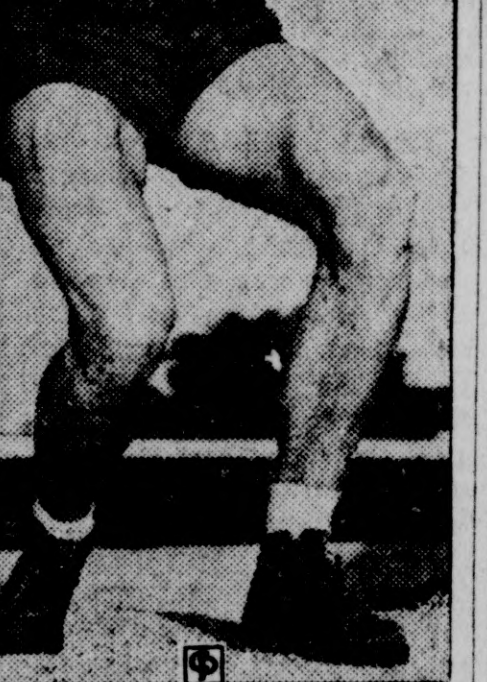

It resembled a huge worm, as it sped along the tracks, close to the ground, the rear view giving this impression more than the front, with its two rear signal lights glowing like two great red eyes.

## Deaths of the Day

**Mrs. Sarah Ann Platt.**

Mrs. Sarah Ann Platt, aged 71, widow of Harry P. Platt, 1001 Beckford street, died at her home Tuesday, February 13, at 8:25 p. m., after an illness of five days.

She was born in Butler county, March 5, 1862, the daughter of Jacob and Elizabeth Gardner Kline and had been a resident of New Castle the past fifteen years. She was a member of the Third United Presbyterian church.

She is survived by four daughters: Sue and Bess, at home; Mrs. Joseph Fehl and Mrs. Nelson Armstrong of this city; two sons, H. Edward, of this city and John, at home; a sister, Mrs. Sophia Martin, Butler county; two brothers, William Kline, Jr., of Butler county, and Jacob Kline of this city, and four grand children.

Mrs. Platt was a prominent and highly respected resident of the East Side, her wonderful character and loving disposition having endeared her to many, who will greatly miss her. She was highly interested in everything that had to do with the betterment of the community.

Funeral services will be held from the residence, 1001 Beckford street, Friday at 2 p. m., conducted by Dr. S. B. Copeland, her pastor. Interment will be made in Graceland cemetery.

### A. Lerner Tidline.

A. Lerner Tidline, aged 58, 251 West Falls street, died Monday afternoon in the New Castle hospital.

He had been a resident of New Castle the past seventeen years.

Surviving are his wife, Mrs. Maggie Tidline; a brother, John, and two sisters, Mrs. Margie Austin and Jane Tidline, North Carolina.

Funeral services will be held from the home Friday at 2 p. m. with the Rev. C. D. Henderson, pastor of the Union Baptist church, officiating. Interment will be made in Greenwood cemetery.

### Mrs. Elizabeth Davies.

The operator's cab is located above and in front of the engine. The sides of the train are slightly rounded, and the steps are retractable. The cars are built lower than the regular passenger car, and the rear coach is rounded at the end to prevent suction as it passes along at a high speed.

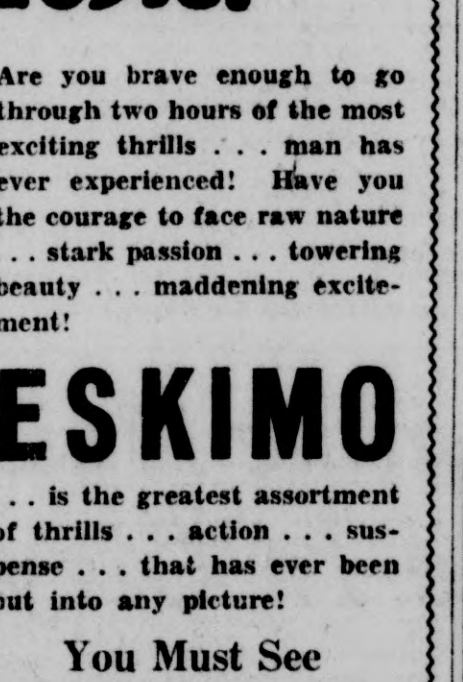

It resembled a huge worm, as it sped along the tracks, close to the ground, the rear view giving this impression more than the front, with its two rear signal lights glowing like two great red eyes.

The train was originally scheduled to arrive here at 10 o'clock, but the schedule was changed this morning, and it arrived at the junction at 9:35, leaving for Pittsburgh a few minutes later. Many expecting it at 10 o'clock were disappointed in not being able to see it.

## POWERS OF EUROPE STAND UNITED IN AUSTRIAN POLICY

(Continued From Page One)

incident since the World War, stood united today in the firm intention of preserving the "integrity and independence" of the little republic.

Great Britain, France and Italy, although believing armed intervention out of the question, informally let it be known they would insist upon Austria being allowed to work out her destiny alone, without interference from Germany.

The stand was taken against the threat of an ultimate Nazi victory in Austria, with the resultant union of Austrian and German Nazi forces which probably would lead to the "Anschluss" or Austro-German Union, so ardently desired by Berlin.

### Recognize Right of Austria

Sir John Simon, British foreign secretary, made this clear in the House of Commons when he said, "We fully recognize the right of Austria to demand there should be no interference with her internal affairs from any quarter."

France, taking a grave view of the Austrian crisis, was known to stand behind this viewpoint, which is directly in line with her traditional policy regarding Germany.

Italy, with an eye on the Austro-Italian border and facing the prospect of a Hitlerized Austria on her northern frontier, also had much at stake and is equally ready to assert herself in demanding the independence of Austria.

Meanwhile Germany, cognizant of the gravity which necessarily will attend the slightest move on her part, remained aloof, for the moment, at least.

### HEAVY VALENTINE MAIL IN THE CITY

(Continued From Page One)

when the reporter remarked: "Rather scratchy that pen point." He couldn't apologize enough—"I guess it's me, not the point," he replied. "Here, what do you think of this verse."

Acting Postmaster Richard A. Steen told the reporter the points should be alright because they're changed "almost every morning".

One of the heaviest volumes of Valentine mail that has been handled by the local office was marked up today, the acting postmaster reported. The postoffice lobby was crowded with mailers of greeting cards this morning.

"We don't find many of those large, bulky, fancy cards in the mails anymore on Valentine day like in previous years," Mr. Steen declared. "Nowadays the cards conform more to the regular letter size, for which the postoffice department is thankful."

Steen disclosed that if complaints are made against the pen points it's because of the activities of a gang of boys which loafs in the lobby during the evening hours. He said police will be asked to remedy the situation.

A free country is one that won't stand for a dictator and can't get anything done unless Congress minds the President.

But 1600 years ago the Gallo-Roman women strolled abroad with as much if not more powder and paint on their faces as the modern girl, say archaeologists.

## DR. WALDRON SPEAKS TO COLLEGE CLUB

Dr. Ralph A. Waldron, head of the science department at Slippery Rock State Teachers college, was guest speaker at the meeting of the College club Tuesday evening in the Green room at the Y. W. C. A.

Dr. Waldron, who also teaches biology in the City college at Youngstown, chose as his subject plant and animal life from the earliest period of history up to the present time, illustrating his talk with various fossils and geological specimens which made it most interesting. Miss Alice M. Sterling introduced the speaker in her usual charming manner.

Preceding Dr. Waldron's talk there was a musical program. Miss Elsie Calvin, who is chairman of the music committee, presented three talented high school students who gave a very enjoyable and creditable performance. Anthony Casero gave two groups of violin solos, "Andante Cantabile" by Tschakovsky and "Mazurka" by Mlynarski; "Romance" by Wieniawski and "Liebesfreud" by Kreisler. Mr. Casero's pleasing personality and artistic rendition won him many friends. He was most ably accompanied by Elizabeth Koski.

James Fox performed with skill and ability in a group of piano numbers, rendering "In a German Forest," "To a Water Lily," both by McDowell, and "Valse" by Chopin.

At the business meeting held earlier, Mrs. Viola Healy was voted into membership.

Concluding an enjoyable evening, the hostesses with Mrs. James L. Cole, chairman, served a delicious Valentine lunch at a table lovely with red and white appointments.

The next meeting will take place March 13 with Mrs. W. J. Caldwell in charge of the entertainment.

## Amity Club.

As guests of Mrs. Lawrence Burgo of East Washington street Tuesday members of the Amity club spent a social evening with cards and dancing. Miss Florence Carney won the favor and throughout the dainty lunch served Valentine appointments prevailed.

February 27, Miss Rose Sacripant will entertain at her home, 410 Electric street.

## QUOTA CLUB HAS MEETING AT ELKS

The social meeting of the Quota club of New Castle at the Elks club Tuesday evening was one of the most outstanding affairs in the activities of the club. The committee in charge was composed of the past presidents of the club, Orra Snyder, Elizabeth Williams and Mary Otterdinger.

Dinner was served at 6 o'clock, the table appointments and menu carrying out Valentine suggestions.

Mrs. Elizabeth J. White, general secretary of Quota Club International, is also a past president of the local club and contributed to the program by sending a clever question and answer contest on the history of Quota to be worked out at the meeting last evening. Miss Kathryn Hite, president of the local club, was awarded the prize for having the most correct answers.

Mrs. Elizabeth Williams gave a reading on St. Valentine's Day and Miss Elizabeth Rose sang the following group of love songs, accompanied by Miss Margaret Hertzler: "Love's a Merchant," "When I Think Upon the Maidens," "The Lilac Tree."

Mrs. Williams also read a letter to the club from Mrs. Elizabeth J. White expressing her regret that she could not attend the meeting, and containing an interesting message to the club.

Mrs. Julia Hrdina, superintendent of nurses at the Jameson Memorial hospital, was the guest speaker of the evening and gave a very interesting history on nursing.

Special guests in attendance at the meeting last evening were Mrs. Julia Hrdina, Mrs. Ann Henry, Miss Mary McElwee and Miss Margaret Hertzler.

The next meeting will be a business meeting on February 27. Miss Elizabeth Rose will be in charge of the program and the Misses Corinne Mercer and Elizabeth McBane of New Wilmington will act as hostesses.

## Elphie Allen.

Mr. and Mrs. E. Y. Elphie of Wampum announce the marriage of their daughter, Miss Ellen Elphie, to Wendell L. Allen, son of Mr. and Mrs. Howard Allen of the same place.

The ceremony was performed Saturday, February 10, at 9 p. m., in the parsonage of the Lutheran church in Lewistown. Rev. James H. Gross officiated, the ring ceremony being used.

The bridesmaid was Miss Pauline McKinney.

Frank E. Herbert of Lewistown, Pa., was best man. Other attendants were Mrs. Frank E. Herbert of Lewistown, Keith McConahy and Mr. and Mrs. Paul Herbert of Wampum.

After the ceremony, the bridal party motored to Log Cabin Inn where they were served a wedding dinner.

## Young Folk's Party

A party of young married folks of this city motored to Ellwood City Saturday evening where they were the guests of Mr. and Mrs. Joe Vosler and Mr. and Mrs. Everett Tilly at the Vosler home on Line Ave.

Dancing and music were pastimes with lunch at a late hour. Mrs. Joe Alfonso and Mrs. Henry Newton assisted.

The guests were Mr. and Mrs. Joe Alfonso, Mr. and Mrs. Everett Tilly, Mr. and Mrs. Joe Vosler, all of Ellwood City. Mr. and Mrs. Ed Sherbine, Mr. and Mrs. Joseph Edgington Jr., Mr. and Mrs. John Waggoner, Mr. and Mrs. Earl T. White, Mr. and Mrs. Arthur Boyd of New Castle.

The crowd made plans to hold a dance in New Castle in two weeks and in three weeks, Mr. and Mrs. Edgar Sherbine will entertain at their home on Wilmington avenue.

## Knights Auxiliary

Regular meeting of the Knights of St. Vitus Auxiliary was held in the hall of the church, Tuesday evening. The following were initiated into the organization: Miss Elvira Sorio, Genevieve Digilio, Carmela Digilio and Mrs. Mary Augustine. Following the business session those present enjoyed playing bingo. Prizes were won by Mrs. Mary Augustine and Miss Catherine Augustine. The next meeting will take place on February 27.

Miss Elizabeth Augustine announced today that the dramatic club composed of members of Knights of St. Vitus Auxiliary will meet Thursday evening, in the home of Mrs. Elizabeth Factor, on Jefferson street at 7:30.

## LADIES OF HOME HAVE ENTERTAINMENT

The community service department of the Lawrence County Federation of Women's clubs entertained the ladies at the Almira Home with a delightful party Tuesday afternoon.

Mrs. Harry Marshall, Sr., chairman of the department, brought greetings to the residents of the home, after which Miss Edith Moore presented a pleasing program.

Mrs. W. J. Caldwell sang a number, accompanied by Mrs. Katherine Allen; Marian Hughes gave several readings and Mrs. Harry Marshall, Jr., sang group of songs, with Mrs. J. F. Bentz as accompanist.

Miss Elsie Greider, Mrs. Scott McCaslin, Rebecca Loudon and Martha Wells presented a clever playlet.

At conclusion of the program the women of the home were served with Valentine hearts, candy, cookies and ice cream, and each expressed delight with the afternoon and expressed the desire to have the women return again.

HOME DEPT. HEARS  
SPLENDID PAPERS

An interesting meeting of the home department of the Woman's club was held Tuesday afternoon in the home of Mrs. William Fischer on Delaware avenue.

"Beautiful Spots in Pennsylvania" were read to response to roll call after which several splendid papers were given.

Mrs. John Offutt discussed at some length "Lucy Stone," one of the early American pioneers and a woman suffragist. Miss Stone, who was closely allied with Susan B. Anthony, was a graduate of Oberlin college, the only college admitting women students in her time, 1848.

She died at the age of 50, having lived a very complete life up to that time.

Mrs. Ernest W. Greiner gave a history of "American Music." She brought out several facts which are often forgotten, among which was the date 1640 of the first music book entitled "Boy Psalm Book." In 1731 the first public concert was held in Boston.

The afternoon's entertainment was most instructive as well as interesting.

## SOROSIS PARTY FRIDAY EVENING

Prominent among events scheduled for this week will be the annual mid-year and Valentine party in which members of Sorosis and the husbands will participate Friday evening in Highland U. P. church.

Dinner at 6:30 will be the first item of interest, following which a program of entertainment will be presented.

Arrangements are in charge of a committee of ten, composed of Mrs. J. G. Gates, Mrs. Benjamin Beisel, Mrs. T. A. Gilkey, Mrs. Grace Crawford, Mrs. H. L. Dague, Mrs. Archibald Davis, Jr., Mrs. Roy W. Hazen, Mrs. Louis H. Gordon, Mrs. John Emery and Mrs. E. A. Fenton.

## DELPHIAN SOCIETY MUSICAL AFTERNOON

Mrs. W. L. Campbell had charge of the parliamentary discussion at the meeting of the Delphian Society Tuesday afternoon in the Castleton Hotel. "Elizabethan Music" was the afternoon's topic with Mrs. D. T. McConahy reading a paper on "Some Famous Musicians." "Virginal and Other Music" was Miss Knott's subject while "Precursors of Opera" was given by Mrs. Charles T. Metzler. "Rise of Opera" was Mrs. T. J. McFate's topic.

Mrs. H. D. Harlan summarized the program which was one of the most interesting throughout which the society has heard.

Miss Hope Landolf was the maid of honor and Mike Pastirack acted as best man. Following the ceremony, dinner was served in the bride's home on East Long avenue. A reception was held last night. The newlyweds will reside at 302½ East Long avenue.

## H. B. Club.

Miss Maxine Schetrom entertained the H. B. club Tuesday evening at the home of her sister, Mrs. Nick Capitola on Scott street. Usual pastimes claimed attention with refreshments later.

The next meeting will be in two weeks with Miss Lois Ango of Ray street.

## A. U. R. GIRLS AT PROPT HOME

Mrs. C. M. Propt and Mrs. Louis G. Rudessil entertained the A. U. R. Girls of the Central Presbyterian church in the home of the former on North Beaver street, Tuesday evening, with Evelyn Zimmerly as a special guest.

Mrs. Harriet Conzett had the opening devotionals, after which Mrs. C. B. Wingerd pleased with a humorous reading "Tithing Brings Happiness." The foreign topic "Africa" was well reviewed by Gladys Lewis and an interesting letter was read by Mrs. John Walters, from Mrs. Florence O. Crooks, of Slam.

An election resulted in Harriet Ewing being named president; Theodore Pollock, vice president; Katherine Lowrey, secretary; Mrs. Anna Feden, treasurer and Sally Swisher secretary of literature.

After the routine business was over Mrs. Edgar L. Thompson was in charge of an exchange of baked goodies. She gave each person a balloon with a number on, then all assembled around the dining room table, where pastries of all kinds were served. Valentine suggestions were being used, with a centerpiece of spring flowers used on the table.

Mrs. Henry Bratschie, Elm street, will receive the members March 13, with her sister, Maude Mitchell as associate.

## VALENTINE PARTY AT STAEBER HOME

Members of the A. O. T. club held a Valentine party Tuesday evening in the home of Mrs. Carl Staebler on Edison avenue. Two tables of bridge were brought into play with Miss Frances Hayden, who was a special guest, and Miss Thora Stevenson being awarded the favors.

Following play, the guests were invited to the dining room for lunch. Attractive decorations were hearts and other Valentine suggestions with red and white tones predominating in luncheon appointments.

Mrs. Ernest Smith assisted.

The next meeting will be in three weeks, March 6, with Miss Thora Stevenson of Euclid avenue.

## C. K. McGeorge Class.

Members of the C. K. McGeorge class of the Second U. P. church were received Tuesday evening in the home of Mr. and Mrs. Ray Zeigler, Butz street.

Plans were made for a friendship party in the church February 27, and a luncheon dinner at the church March 20, at which time committees will be appointed. This evening the class will meet for rehearsal.

A period of games was conducted by Mr. and Mrs. Meade Thompson after which the social committee aided the hostess in serving a delicious lunch.

Mr. and Mrs. R. J. White, 508 Pine street, will be hosts to the class in March.

## Anniversary Surprise.

Friends of Mr. and Mrs. Herman Young, Ridge avenue, surprised them in their home Monday evening, coming to help them celebrate their 15th wedding anniversary.

Cards and music were the diversions of the evening, with the guests presenting the couple with a lovely gift. Lunch was served at the conclusion of the evening.

The group included Mr. and Mrs. Warren Johnson and daughter, Mr. and Mrs. Kenneth Lockhart, daughter, Mr. and Mrs. P. J. Flansberg, Mr. and Mrs. Harry Lach, Jr., daughter and Clare Markel of California, Md.

## Mrs. Pettitt Hostess

Mrs. J. D. Pettitt, Warren avenue, received the members of Section F of the Y. L. B. Class in her home Tuesday evening with Mrs. George Tribby and Mrs. Inez Patton taking part in the opening.

Mrs. Carrie Mortimer conducted the business period after which the guests enjoyed a social time, with Mrs. Olive Zeigler assisting the hostess in serving refreshments. Mrs. Inez Patton was a special guest.

Mrs. J. L. Sims, 1509 East Washington street will receive the members March 13.

## Klee Jut Kard Club.

At the meeting of the Klee Jut Kard club with Mr. and Mrs. Otis Branscome of Winslow avenue, card favors were won by Mr. and Mrs. Joseph McCaskey and Mr. and Mrs. Carl Boughton.

## POLITICS IN BUSINESS

A TRUE note has been sounded by the Philadelphia Chamber of Commerce. It was never intended that a function of the United States Government was to engage in ordinary business pursuits.

It is right, as well as the duty, of a Government to enact laws to insure the proper conduct of business in private control and ownership. There it should stop.

The old rule was a good one—the less political government in trade and industry the better for all. Taxing the general public for the purpose of competing with private enterprise inevitably deadens the latter and at the same time tends to build up obnoxious bureaucracies which are politically dominated.

A sorry mess was the result of our Government's operation of railroads during the World War. Surely the public will not welcome more of that sort of manhandling in any direction.

## INADEQUATE STREETS

Relief for traffic congestion continues to receive major attention, not only in the United States but throughout the civilized and motorized world. In London, Paris, Berlin and all large cities, both here and abroad, all agree something must be done and soon.

Every community is experimenting with prescribed remedies, no two of which seem exactly alike and none of which has yet proved itself the panacea the city is seeking.

The most general remedy lies in the creation of express highways, over which vehicles can be led from congested areas at relatively high rates of speed. Abolition of parking increase the space for moving traffic and is expediting travel in some cities.

There would be no traffic problem if there were unlimited money for widening highways and eliminating crossings at grade, but there is not a city, state or nation with revenue that even approximates its financial needs.

From Paris comes a plan that should prove less expensive than moving or chopping off buildings bordering busy streets, and replacing the masonry with supporting pillars between which vehicles might pass freely and still leave space for parking. Large cities are coming to this or elevated and subway highways.

## THE MELTING POT

One can readily understand why America is called the melting pot when he hears a congressional roll call. There are natives of at least ten foreign countries in congress.

The Seventy-third Congress contains natives of England, Russia, Germany, Italy, Sweden, Canada, Wales, Scotland, Ireland and Czechoslovakia. Some of the most prominent foreign-born legislators are Senator Couzens, of Michigan; Senator Davis, of Pennsylvania; Senator Wagner, of New York; Germany; Representative Koppleman, of Connecticut; Russia; Representative Palmisano, of Maryland; Representative Magnus Johnson, of Minnesota; Sweden, and Representative Sabath, of Illinois; Czechoslovakia.

Most of these men were brought to America at an early age and in only two of them, Johnson and Sabath, does an accent betray their foreign birth.

Although they are entitled to seats in congress, the greatest prize on the world's political tree remains always beyond their reach, for no person born outside the boundaries of the United States is eligible for the presidency.

There are 131 congressmen and senators representing states in which they were not born. Only in the deep Southern States are the delegations entirely made up of native sons.

## TRAILING THE KIDNAPERS

The Nation is showing almost as much interest in the Department of Justice chase of the Bremer abductors as it did in news concerning the case while the St. Paul banker was held captive.

It was particularly interested to learn that the Government agents appear to be hot on the trail, and that the slender clues picked up while the law stood at bay in the case may lead to definite apprehension of the brutal culprits.

Two arrests have already been made, and there are indications that more will be forthcoming. The kidnapers have the cash of course, but they must be leading an unhealthy, fear-ridden life these days as they seek to keep out of reach of the Federal Government's long arm.

The more one considers these kidnaping cases, the more plausible sounds the plan proposed by a Pennsylvania Congressman in a bill now before the Lower House at Washington. He proposes the firing squad within 72 hours for kidnapers on whom the officers "have the goods."

Certainly this is a form of punishment that would not be looked upon lightly by the underworld thugs who make their nefarious living by abductions. Something must be done, anyhow, to add to the power of the Federal Government's influence against major criminals.

Where did people go to practice a cough when there were no theaters?

Who is this "tenor of American life that becomes more virile" of which a Chicago professor speaks?

Auto repairs must be cheaper now. You seldom see a \$10 bill that some mechanic has used as a towel.

If you think advertising doesn't pay, try to name the fliers who crossed the Atlantic before Lindbergh.

Of course inflation will raise prices. And then that \$5000 policy will buy your widow a nice black hat.

There isn't any secret of success. You just get yourself liked by the people who can make you successful.

A democracy is a land where the law refuses to suppress the devil if a few people make money by helping him.

We see where hazing is still common at a Western university. The students couldn't identify 25 persons prominent in current events.

Editing a newspaper, contrary to the general opinion, is not a matter of sitting at a highly polished desk and giving out commanding orders in a tough voice, as most moving picture producers would have the public believe—Bonneville, Oregon, Indiana.

## WHAT HAVE YOU LEARNED?

I've learned that it's best to save your money.

I've learned that a man should look up and down before he crosses the street.

I've learned that if you don't mind your own business no one will do it for you.

I've learned that if you procrastinate you're sure to get into trouble.

I've learned that this bitterness, this boredom, this grief that afflicts me today will pass at last like the mist from the water.

I've learned that you mustn't expect too much from other people.

I've learned that I must pay for my carelessness.

I've learned that if I disregard my profoundest intuitions, I'm sure to pay for it.

I've learned that first impressions are not always right.

I've learned that if I don't watch what I eat and curb my appetite, I'll gain a few pounds.

I've learned that when I'm tired and cross, I'm cross because I'm tired and not because of anything the other fellow did.

I've gained, in fact, a considerable amount of experience and wisdom in the years I've been on this earth.

And yet, do I live in accordance with what I have learned, or do I not?

I do not!

I don't save. I cross streets carelessly, lose my temper, neglect my own business, procrastinate, think my present emotions are permanent, ask too much of other people, do careless things, go against my intuitions, act on first impressions, gain weight when I shouldn't, act crossly when I'm tired, and am no wiser than I used to be. Or perhaps I'm not half as wise as I was when I had so much less experience. . . .

But please don't laugh at me. Or before you do, just ask yourself how matters go with you? . . . More wisely? More foolishly? Or just the same?

## ST. VALENTINE.

He died a martyr, so I find.  
An honored by the church was he.  
But no one ever kept in mind  
Or wrote it down in history  
How Valentine attached his name  
To gifts of love both large and small.

And round about the world became  
The patron saint of lovers all.  
He was a holy man and true,  
But though the records old we search  
All that we find his neighbors knew  
Was that he nobly served his church.

His days in holy zeal were spent  
Until his soul was called above,  
Yet by the merest accident  
He reigns as patron saint of love.

We can but guess how this occurred.  
Perhaps one day in early spring  
A lover, stumbling for a word,  
His ill-phrased message chanced  
To bring  
Unto the Father Valentine.  
And when the priest had read it through  
He wrote for him a tender line  
The maiden of his heart to woo.

Now-since that very early date,  
Almost as if by God's design,  
When springtime birds begin to mate  
Mankind remembers Valentine.  
The messages of love they send  
Their tenderest feelings to proclaim.

To celebrate his day are penned  
And in his honor wear his name.

## Your Income Tax

No. 15  
EXEMPTIONS ALLOWED STATE EMPLOYEES

The compensation of officers and employees of a state or any political subdivision thereof, if the services of such officers or employees are rendered in connection with activities which constitute the discharge of an essential governmental function, as distinguished from a proprietary function, is exempt from federal income tax. The compensation of such officers and employees is subject to federal income tax if their services were rendered in connection with the exercise of a proprietary function. For example, the compensation of the governor of a state, the mayor of a city, councilmen, board of aldermen, public school teachers, firemen and policemen is not subject to federal income tax. Fees received by notaries public commissioned by states are exempt from federal income tax. Compensation received by employees of a municipally owned waterworks or street railway or electric light plant is subject to federal income tax, as such activities are proprietary rather than governmental in character.

Fees for special services to a state are taxable, as, for example, compensation paid architects and builders for planning and erecting a state capitol or municipal building. An officer or an employee of a state for the purpose of the income tax law is one whose services are continuous and not occasional or temporary.

## The World At A Glance

Events in France Affect Us  
A Community of Interest  
"The World a Spider Web"By LESLIE EICHEL  
Central Press Staff Writer

NEW YORK, Feb. 14.—If Americans believe they are outside the pale of events occurring in France, they are mistaken. That is the opinion of eminent observers abroad.

That does not mean war. While generals and admirals talk grandiosely of war, a revolution is occurring beneath their noses.

There may be wars by those who would have wars to consolidate factions at home—in order to prevent revolutions. But those will be blind, senseless conflicts. For revolutions are occurring in a new manner that confound the old tacticians. Revolutions are occurring through evolution—and wars can hardly stop that.

Several distinguished European writers point to France.

There the mobs rose up against what? Democracy—the answer has been shouted. (Democracy is an easy target these days, as dictators try to confuse the people.)

But did the mobs rise against Democracy?

No—say these European writers. They rose against rottenness, against a decaying political system, honeycombed by corruption, from which all except the form of democracy had disappeared.

Those French mobs rose to speak the injustice of burdens borne by all peoples because of wars and a social and economic system which had added more and more to the bent backs of the masses.

And the straw that proved to be the one that broke the back was not the Stavinsky pawnshop scandal, but the outflow of French capital, the crash of the French financial structure when the United States devaluated its dollar.

It is the world from men of France who are trying to think calmly.

COMMON INTEREST

That the devaluation of the dollar in the United States could indirectly affect the peoples of France does not mean the action by the United States was unjust.

Men of France do not say that. They do say this:

"The whole world is bound by a community of interest. The whole world is a spider's web. Cut a thread in one corner and the whole web may collapse. There simply has to be a community of interest."

There was a time when the world lived unto itself, when there were many small spider webs.

"Then, by a process of evolution, the web expanded to cover the whole earth."

"The web expanded, but men's minds, politicians' visions remained the same. Politicians spoke the old words, frightful words because they had no vision, because they told people untruths, because they said the world is made up of many spider webs."

"Thus we see men caught like flies in the great web, still spouting and spitting. We see the marb of the spider—reality—relentlessly, inevitably."

Russia, Italy, Mexico, Spain, Germany, Cuba, France—they have felt the spider.

Is there "calm" now in Germany, in Cuba, in France because there are "strong" men?

Wait till the treasury runs dry, wait till the thought of the peoples catches up with the politician's phrases.

UNITED STATES

Why does the United States remain calm? It does—even when oppressive laws are passed and enforced.

Foreign writers try to give the answer on that, too.

The United States has a cheerful, democratic leader—President Roosevelt. The people believe he is with them. They accept the sternest law as that interest.

Beyond that, however, lies a potent reason which Europeans realize more than Americans. The United States remains a nation of infinite resources. There may be millions of persons on the verge of starvation, but tomorrow they may share in that "wealth."

It makes no difference if actual figures prove that only a few ever share. Here is a gamble—and here is a chance.

The horn of the political job hunters is now heard throughout the land and every Republican fox has visions of his pet nailed up to dry on the sunny side of the old barn.

"Prisons" says that Western warden "do not reform." Still, the mollycoddlers may be expected to continue their efforts to compel them to.

Former warden of a Western penitentiary says prisons do not reform. The sooner some of the parole boards, easy-going and worse, learn that, the sooner they will stop their indiscriminate monkey business—maybe.

New Castle Man May Be Appointed State Insurance Commissioner

POST IS VACANT BY ARMSTRONG'S DEATH

(International News Service) HARRISBURG, Feb. 14.—Friends of state Senator George T. Weingartner of New Castle, have suggested his name to Gov. Gifford Pinchot as a successor to insurance commissioner Charles F. Armstrong, who died recently. It was learned today.

The governor's office said Mr. Weingartner's name together with suggestions of "about a dozen others" have been sent to the governor in Leroy sanatorium, New York. The governor has given no indication as to when or who would be named to the vacancy.

Deputy Commissioner Charles Graff has been named acting commissioner pending announcement of Armstrong's successor.

## Liquor Stores Business Good

State Stores Collected \$2,138,165.23 In Month Of January, Is Reported

(International News Service) HARRISBURG, Feb. 14.—Pennsylvania's state liquor stores did \$2,138,165.23 worth of business in January, the first month of their operation, the liquor control board reported today.

Based on an arbitrary estimate of 25 per cent net profit, sale of liquor netted the commonwealth approximately half a million dollars.

Retail sales in stores were \$1,421,215 and wholesale sales, at a 15 per cent discount, totaled \$716,949.94.

The board pointed out that the total sales were lower than could be expected in an ordinary month because many of the stores were not open for business at the start. Delays in obtaining popular varieties and the shortage of the national supply also hampered sales, the board said.

## DRUNKEN DRIVERS GET CASTOR OIL

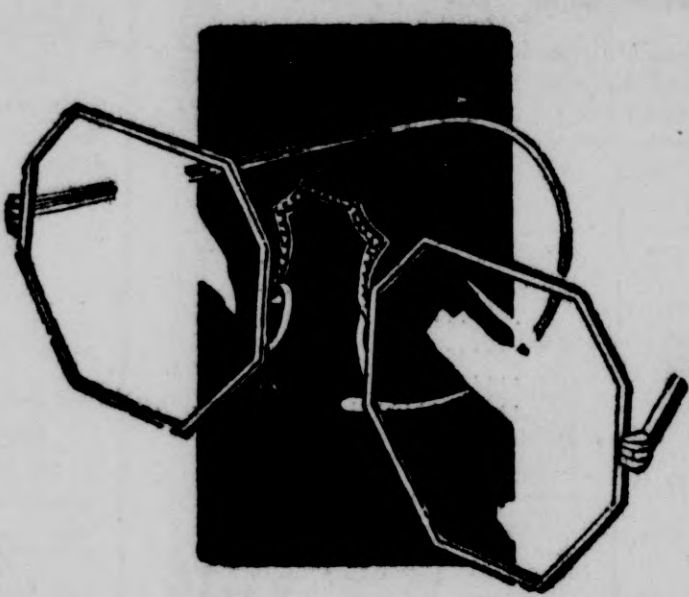

PHILADELPHIA, Feb. 14.—Habitual drunks are drinking castor oil in Philadelphia, and, believe it or not, they like it—that is, they like it better than 10 days in jail.

Magistrate David E. Triester initiated the idea in his police court when several men were arraigned before him for drunken driving. His cure has attracted wide attention and the other day a crowd gathered in his court to see him deal out his famous cure.

ROSWELL, N. M., Feb. 14.—C. J. Wright, 68-year-old Roswell grocer, has ideas of his own about how to cure a stubborn case of catarrh. Wright fasted 30 days, during which time he declared his catarrh not only disappeared but his general health was improved. After studying the matter for many years, Wright says he is convinced that most bodily ailments are caused by overeating.

## MUTILATING KILLER RIDICULES POLICE

(International News Service) PRAGUE, Feb. 14.—The Prague police force is hunting for a mysterious murderer believed to be responsible for the death of six women.

The last murder was discovered a few weeks ago when the gruesomely dismembered remains of a woman were found in three trunks in the baggage room of the Wilson railroad station.

Now the police are swamped with letters in which the murderer ridicules the inefficiency of the police and announces a new murder. At the same time he gives a detailed description of how he will mutilate his next victim.

The accuracy by which he describes the former murder cases giving facts only known to the police, hardly leaves any doubt that the writer undoubtedly is the murderer.

## VERMONT FARMERS USE LESS FERTILIZER

(International News Service) BURLINGTON, Vt., Feb. 14.—A shrinkage in the use of commercial fertilizer of 40 per cent in Vermont during 1933 compared with 1928, accompanied by the lowest price in many years, was revealed in a report by chemists at the Agricultural Experiment station of the University of Vermont and State Agricultural College.

Approximately 10,000 tons of commercial fertilizer were used in Vermont during 1933, compared with 16,900 tons, the record, used in 1928. The average cost was \$34 a ton.

STAFFORD BETTER  
Improvement in the condition of Bob Stafford, of East Long avenue, was reported this morning by attendants of the New Castle hospital. The youngster was injured recently on the corner of Pollock and East Long avenue, when he ran into the fender of an automobile.

## STOMACH UPSET

Get at the real cause. That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards Olive Tablets help arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, people rarely suffer from indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Try Olive Tablets, the substitute for calomel.

Dr. Edwards Olive Tablets are a purely vegetable compound. Know them by their olive color. They do the work without griping, cramps or pain. All druggists, 15c, 30c and 60c.

Take one or two at bedtime for quick relief. Eat what you like.

PARIS OPERA HOUSE  
SUCCEUMS TO MOVIES  
PARIS, Feb. 14.—The famous Paris opera house, the most centrally located building in the French capital, has succumbed to the movies. It did so, however, as an opera house should—temporarily and with dignity.

The affair was attended by the president of France, Albert Lebrun. The event was a benefit performance of a French film and was under the auspices of the Legion of Honor Society. A special American sound equipment was installed in the opera house for this one night.

Educator Honored

Dr. Lucy Wilson

The first woman ever to win the award, Dr. Lucy L. W. Wilson, principal of South Philadelphia, is shown with the Bok Trophy for 1933, which makes her, unofficially, at least, the "First Citizen" of Philadelphia. The award consists of a gold medal and a check for \$10,000. (Central Press)

HARLANBURG UNION

The Harlanburg W. C. T. U. held its February meeting at the home of Mrs. A. R. Plack, Thursday afternoon. Notwithstanding the very cold day there were twenty five members and several guests present.

Mrs. Margaret Bruce led the meeting with the following program: Song, "America the Beautiful" by the Union.

"A Story of Frances Willard, Nicknamed 'Frank'."—Mrs. Jennie Blevins.

"Declaration of Principles"—Mrs. Alice McKissick.

"The Humanness of Frances Willard"—Mrs. Adella McClelland.

"The Lid Is Off"—Mrs. Mae Locke and Mrs. Sara Burton.

Paper, "What Constitutes Good Leadership?"—Miss Margaret McCalmont.

Responsibility of a "Little Drink"—Mrs. Madge Miller.

"Two Principles Which Cannot Meet"—Mrs. Bertha Eakin.

"What About Lindbergh?"—Mrs. Margaret Harlan.

"New York Retains Large Industries"—Mrs. Willis Kneram.

"Prayer, the Foundation, Then as Now"—Mrs. Lela Kerr.

"Alcohol, by Whatever Name"—Miss Marjorie McClelland.

"Al Smith Refuses to Pose With Liquor"—Mrs. Gladys McConnell.

Virgil C. Fennell gave a talk on "A New Flight."

Rev. Jesse Houk gave an interesting talk on "The Original Bootlegger."

A short business session was then conducted by the president, Mrs. Helen Cameron, and the meeting was dismissed with prayer.

Guests present were: Rev. and Mrs. Jesse Houk, of Rose Point, Vir-

gil C. Fennell, Mrs. N. M. Young, Mrs. Henry Croyle, and son Wayne, and Mrs. Willis Kneram. Refreshments were served by the hostess and her aides, Mrs. Laura Burnside, Mrs. Edith Harlan and Mrs. Florence Kneram. The next meeting will be held at the home of Mrs. Mildred Allison the second Thursday afternoon in March.

FRANCES WILLARD UNION  
The Frances Willard W. C. T. U. will meet Friday evening at 7:30 at the home of Mrs. J. C. B. Douthett, 821 East Lutton street, when the program will be in commemoration of Abraham Lincoln and Frances Willard.

The guests will wear costumes, which are reminders of the pioneer days. The meeting place is a change from the original schedule.

EAST BROOK UNION  
The members of the East Brook W. C. T. U. will have a tureen dinner at noon Thursday in the home of Mrs. Orville Kerr.

Mrs. George Patterson will lead the program following.

MISSIONARY MEETING  
The Young Women's Home Missionary Society of the Methodist church met at the home of Mrs. Ray Bidde on Friday evening, with nine members in attendance. Mrs. Roy Raub was the leader of devotions and Mrs. George Kuhn had charge of the program, which consisted of three chapters of the study book, and other literature, with each member taking active part. Lunch was served by the hostess assisted by Mrs. Roy Unangst and Mrs. Chas. Loudon. The next meeting will be held at the home of Mrs. Clark Loudon on Friday evening, March 2.

IT'S REMARKABLE HOW VENDOL RELIEVED MY WIFE'S STOMACH

She Has Been Sick A Long Time. Food Turned Sour, Filled Her With Gas, Breath Was Short. Often Felt Dizzy And Constipation Was Bad.

"Vendol has proven to be a wonderful medicine for my wife, and it has surprised me at how quickly it has given relief from stomach disorders," declared Mr. Edward B. Young, of 820 Croton Avenue, New Castle, in a statement given the Vendol Man in the New Castle Drug Company recently.

"Even if she ate a small meal, in a few hours she would be bothered with bloating, acid risings, and a burning feeling right in the pit of her stomach. She would take a lot of baking soda as it would give her temporary relief, but I was afraid she would get too much soda, and advised her not to take any more."

"She was troubled with constipation almost daily and was often attacked with spells of dizziness and sick headaches, which I believe came from a sluggish liver and constipation. I have always been a great believer in medicine made from herbs, so upon reading about Vendol and the herbs it was made from, I bought some for my wife. She has improved upon it almost from the start."

"She has a better appetite, eats hearty meals, but never suffers from the acid condition, bloating or heart burn, and hasn't had to take a dose of soda since she began taking Vendol. She tells me her bowel action is regular, that she is free of dizziness and headaches."

MR. EDWARD B. YOUNG Works At Shenango Pottery Co.

"My wife is getting along nicely on Vendol; in fact she is doing better than at any time I can recall. She says that she would not be without the Vendol Laxative Tablets, as they are the nicest acting laxative she ever took, so I consider it a lucky day when we first bought Vendol."

Make up your mind now to begin taking Vendol and put yourself on the road to better health. Come to New Castle Drug Company, 31 E. Washington Street, ask for me, the Vendol Man, and I'll explain all about my grand medicine that is helping so many people right here in town and tell you honestly what you may expect it to do for you; so come today if possible. Vendol is sold at the 24 North Mill Street Store also.

DEBATE PROGRAM

There will be a debate at Bethel A. M. E. church Friday evening on the subject "Is the NRA beneficial to the negro."

Fred Wilkes and Thomas Farrow will have the affirmative, with M. Engs and M. Bradley on the negative.

A short program has been arranged in conjunction with the debate. There is no admission charge.

EVER READY CLUB

The Ever Ready club members met Monday evening at the home of Mrs. Carrie Cobb, West North street, with 12 members answering roll call. A social evening followed the transaction of business.

Mrs. Mollie Johnson, Mrs. Elizabeth Eggleston, Mrs. Odessa Atwater and Mrs. Waddley were special guests.

Dainty refreshments were served, the hostess being assisted by Mrs. Elsie Anderson and Mrs. Priscilla Muldrow.

The club will meet in two weeks at the home of Mrs. Mary Crawford, Moravia street.

GIRL SCOUTS

POKONOKET TROOP 13  
Pokonoket Girl Scout Troop 13 of the Second U. P. church will meet tonight at 7 o'clock instead of the regular hour of 7:30.

TWILIGHT GROUP  
Twilight troop, Girl Scouts, held a Valentine party Monday evening in St. Paul's church with the Kus Kus Ki patrol in charge.

The girls spent the evening playing games and dancing and the meeting was brought to a close by the singing of taps.

Popular Girls know how to Flatter their legs

"We keep Stockings Smooth fitting this way"

"Men can't help noticing when stockings fit badly—wrinkle and bag—when seams keep riding around," popular girls say.

"It looks so careless! And it is, for it needn't happen. We keep stockings smooth fitting *always*. The secret is simple... we wash stockings each night with Lux."

Lux preserves the elasticity stockings have when they're new, so after stretching they spring back into shape. Stockings given gentle Lux care fit beautifully, cling like a second skin! They don't go into runs so often, either. The silk gives, instead of breaking, under strain.

Why not follow the Lux way? Avoid cake-soap rubbing—avoid soaps with harmful alkali. These *weaken* elasticity. Lux has no harmful alkali—it *saves* the elasticity that makes stockings *fit* and *wear*.

Saves the E-L-A-S-T-I-C-I-T-Y that makes stockings *Fit* and *Wear*

# Maine Day To Be Observed Here

Col. Daniel Leasure Post  
And Auxiliary To Cele-  
brate Event Thursday

## PLAN DINNER AND PROGRAM IN HOME

Arrangements are all in order for the 36th anniversary of the sinking of the Battleship Maine, which was the final event leading up to the Spanish-American war. The lives of 262 officers and men were lost in this catastrophe. The day will be formally observed by members of Col. Daniel Leasure Post, United Spanish War Veterans and its auxiliary, and families of the members will be guests.

Comrades of the post are responding cheerfully to the solicitation of prizes for the bingo game, which will follow the formal program, and those already in sight range from a load of coal to a bull calf.

The chairman of the committee, Walter S. Reynolds, announces the following program:

Invocation, chaplain, C. W. Fenton.

"Remember the Maine" by George W. Muse.

Musical numbers by Mr. and Mrs. Fred S. Emery.

Reading by Mrs. W. E. Hoover.

Vocal solo by Dick Patterson.

Violin solo by James Ryhal.

An entertainment by Mary Elizabeth Suber's dancing school.

Acrobatic dance by Shirley Hammond.

Song and Cane Dance by Gloria Pleato.

Dance by Mary Elizabeth Suber.

Address by the Hon. Joseph A. Hineman.

Punch and Judy show by Nancy Westlake, Pat Cubbison and Nell Young.

The Colored Washlady, by Nancy Westlake.

Greetings to the wives of departed comrades by Dr. C. C. Green.

Bingo.

## No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Baalman's Gas Tablets, which are prepared especially for stomach gas and all "bad" effects resulting from gas pressure. That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.

That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms, n. fingers will no longer feel cold and "go to sleep" because Baalman's Gas Tablets prevent gas from interfering with the circulation. Get the genuine, in the yellow package, at Eckerd's, Hyde's, or any other good drug store. Price \$1.

## Faces Murder Trial

Ruby Sasser Grice

Here is Mrs. Ruby Sasser Grice, 30, who faces trial in the superior court at Goldsboro, N. C., for the murder of her husband, Herbert Grice, an iron worker, slain from ambush last October. The state contends that Mrs. Grice conspired with her reputed lover, Rufus Satterfield, in the killing. Satterfield now is under sentence of death at the state prison in Raleigh, for the murder.

## MAY USE VACCINE FOR TUBERCULOSIS

(International News Service) DENVER, Feb. 14.—Vaccination which would immunize against tuberculosis was predicted as an early development in medical science by Dr. I. D. Bronfin, medical director of the National Jewish Hospital here, speaking before the Colorado hospital association. Dr. Bronfin described inoculation with a vaccine known as BCG vaccine, which, he said, had been successful in many cases.

## Flashes From Our Night Schools

By JOHN G. RUBEIS Supervisor

Some interesting stories were told by teachers in the local night schools, of the accomplishments of their pupils, at the recent meeting with Dr. C. C. Green, county chairman of the E. E. R.

Mr. McCurdy, who teaches wood-working in the George Washington shops, stated that his group has turned out tea wagons, and tables, benches, a spinning wheel and a motor boat, 16 feet long. These classes are open to everyone.

Mrs. Higgins, who teaches at Union High school, revealed the fact that most of her students are Polish-Americans and are very apt pupils. They are anxious to learn.

Mr. O'Neill of the North street building, stressed the benefits received by his students in the night classes. His sociology classes deal with practical social problems, and in addition he teaches Spanish, Constitutional Law, which appeal to those with more advanced educations.

C. W. Hayes, of the North street school, stated that his pupils are interested enough in book-keeping to

pay \$1.35 for practice sets. His financial classes are also interesting many, but only a few seem interested in the advertising class.

Mr. Wylie and Mr. Stanley, who are in charge of the North street dramatic group, stated that there is an intense interest in their classes, where voice, public speaking, music, and dramatics are taught, in addition to stagecraft. The latter group will soon have a display ready for exhibition. Those expecting to enroll in these classes are asked to do so at once, as Mr. White expects to cast several two or three act plays soon.

Mr. Creuney, in charge of the public speaking class, has arranged a debate, which will be participated in by four married people on the subject "How I would bring up a child." This will take place Tuesday evening, February 20. Mr. Creuney's English classes from 4:30 to 6, take care of individual students who have been retarded in learning their grammar.

## TENORS ARE SCARCE AT BOULDER DAM

(International News Service) BOULDER, Colo., Feb. 14.—Boulder being one of the driest spots in Colorado, Prof. Alexander Grant, director of the University of Colorado glee club, had difficulty finding a tenor. The professor declared that university men able to handle "Sweet Adeline" with the proper technique were practically extinct after many years of bone-dry prohibition. He asked the editor of the campus newspapers to aid him in finding a tenor.

## Day Of Prayer To Be Observed

The Missionary Union Of The City Is Sponsoring Meeting In Baptist Church

Friday, February 16, women and girls in all the cities, towns, hamlets and rural districts of five continents will unite in prayer for the peace of the world. The local service will be held in the First Baptist church beginning at 10 a. m.

The same scripture lesson, the same hymns and prayers for the same causes will be offered up all over the world at this time. Women

of all races, denominations and nationalities will bow their knee in worship and supplication at this time.

Mrs. G. S. Bennett will preside at the morning session, assisted by Miss Mary Alice White, Mrs. R. J. Fredericks and Mrs. D. C. Schnebly.

Mrs. Grant Fisher will preside over the 1 p. m. session. Special music will feature each service and indications point to an overflow meeting throughout the day.

The program for this year's service was prepared by Mrs. J. W. L. Hofmeyer, Cape Town, South Africa.

When shirts sell at \$15, a lot of people will still wonder whether Mr. Roosevelt intends to inflate.

Yet you can be free of the world simply by deciding you don't want anything it has.

# CHICAGO GIRL HAS BEEN ASLEEP FOR TWO YEARS

## Case Baffles All Scientists

No Method Known To Science Has Succeeded In Awakening Girl

### PROTRACTED COMA MOST MYSTERIOUS

(International News Service)  
CHICAGO, Feb. 14.—Patricia Maguire, pretty stenographer, whose protracted coma has baffled science, in 24 hours will have been asleep for two years. Today the 29-year-old girl slept quietly on, still in apparently good health but weighing many more pounds than on the day she was afflicted.

All methods known to science have been tried to awaken the "sleeping beauty," but all have failed. She has slept through two birthdays and is now 29 years old. "She may awaken tomorrow, or she may awaken indefinitely," the family physician declared at the Maguire home in suburban Oak Park.

Members of Miss Maguire's family were still hopeful that Patricia will one day recover her normal faculties.

Several months ago the girl's condition improved sufficiently to permit her taking semi-solid foods.

and Miss Lois Drake spent Sunday at the home of Mr. and Mrs. Grover Cyrus and family of New Middletown.

Miss Frances Griffin, a student at Carnegie Tech, spent the semester vacation at the home of her parents, Mr. and Mrs. P. W. Griffin and family here.

A very pretty wedding was performed at the St. Anthony's church when Miss Mary Bartolone daughter of Mr. and Mrs. Leonard Bartolone became the bride of Anthony Lombardo, son of Mr. and Mrs. Samuel Lombardo of Youngstown. Mr. and Mrs. Lombardo have deferred their wedding trip until a later date and will be at home to their friends in Youngstown.

Mrs. C. H. Drake entertained a number of friends and relatives in her home in honor of their daughter Lois' 21st birthday on Saturday evening when the following were present: Mr. and Mrs. Clyde Donley and family; Russell, Deryl, Wendell and Wanda; Lucille McConnell, Henrietta Scheche, Clarence Scheche, Elmer Belshaw, Lillian Beight, Marjorie Nord, Martha Crowe. The evening was spent socially and a very nice time enjoyed.

The Good Will Bible Class of the First Presbyterian church gathered in the basement of the church and held a spaghetti dinner on Monday evening before their regular meeting. The dinner was much enjoyed and after a business session the members returned to their respective homes. The members in attendance were: Mrs. J. E. McIlvenny, Oliver Engle, Mae Beale, Thelma DeArment, Ralph Engle, Kenneth Griffin, Alexandra Poushey, Nellie Chaney, Dorothy Engle, Eleanor Throop, Audrey Snyder, Dorothy Johnson, Marjorie Nord, Twyla Groce, Percy Griffin, Frances Griffin, Howard Nord, Lester Nord, Margaret Carlson, Comus Manewal, Kenneth Nelson, Lois Drake.

## Final Rehearsal Tonight For Y. W. Musical Comedy

GRETCHEN SMITH

CHARLES CROWL

RUTH M. LEWIS

Tonight marks the final rehearsal for "Up In The Air," the musical comedy that will open Thursday in the Cathedral Auditorium under the sponsorship of the Y. W. C. A. For three weeks the cast has been at it, adding a little, changing a little and adjusting here and there. Now the show is ready.

Thursday afternoon there will be a children's matinee which will be in the nature of a final polisher and when the curtain rises on the first act Thursday night, it should

show one of the best amateur productions that has trod the boards of the Cathedral for some time.

There's music in this show, not just musical numbers. Melodies that go back to the salad days and modern rhythmic numbers that have a knee action swing. The song "Up In The Air" will be sung by Gretchen Smith. "Never Wait To Be Introduced" by Charles Crowl. "I'll Be Your Hero" by Bob Hoose. "Indian Love Call" by Helen Allen and David Rees. "We Know A Thing Or Two" by Elsie McGeorge and Evelyn

Gerould, "Cactus Rose" by Ruth M. Lewis and Tommy Blake and the theme song, "Arizona Moonlight" by Dorothy Jean Wallace. Delance Cole will sing "I'm A Cave Man" and that should be worth the price of admission.

The first curtain is at 8:15 sharp Thursday night. "Up In The Air" ought to be good entertainment. It looks it from the past few nights rehearsals.

## To Present Minstrel At Shenango School

For the purpose of building up a reserve in the Music and Athletic Association of Shenango high school, the Boys' Chorus and Varsity club will present the Black Diamond Minstrel in the auditorium on February 22. The jokes are original and the music up to date.

Miss Hertzel is directing the music for the show and Miss Mills has charge of the dances and routines. There are forty boys in the ensemble and the performers will last about two hours.

## Opinions Differ On Army Carrying Of Air Mail Load

Few Think Army Fliers Not  
Well Equipped For Dan-  
gerous Air Mail  
Flights

By DAVID P. SENTNER  
International News Service Staff  
Correspondent

NEW YORK, Feb. 14.—The controversy raged today as to whether the army, taking over the service next Monday, would be able to fly the mails as well as the pilots of the deposed commercial air lines.

There were a variety of opinions expressed to International News Service, the issue being complicated by the fact that many of the private air mail pilots are former army fliers.

Are Not Equipped  
Leed Chambers, former world war flying ace, and vice president of the U. S. Air underwriters, believes the army is not equipped to handle the air mail service as effectively as private companies.

"The army ships are not as fast and speed is essential in carrying the mails," he said. "While the army fliers are as fine as any, their ships and bases are not sufficiently equipped to fly the mail under all weather conditions."

On the other hand, Lieut. John K. Gerhart, assistant adjutant of Mitchell Field, army airport, declared "there is no reason why the army cannot handle the new air mail routes."

"The army flew the mails successfully and adequately back in 1918," said Lieut. Gerhart. "The army fliers are accustomed to fly under all conditions—and more effectively when under stress."

Best In World  
Major Thomas G. Lanphier, former highspeed army flier, now connected with a brewery, is of the opinion that the army "is not equipped to carry the mail."

"The army planes were not constructed for that purpose and are expensive to operate," he said. "Turning the air mail system over to the army is going to cost the American people more than twice as much as did the so-called subsidy system."

"Our commercial mail pilots are considered the best bad weather fliers in the world. Mail pilots are trained to carry the mail and army pilots are trained for military maneuvers."

## MILLBURN

Hit by a flying rock when the gravel pit on the W. I. Blake farm was dynamited Monday morning, the Millburns are in Mercer hospital with injuries to the head and eye. The extent of the injury to the eye could not be determined at once. This is the first accident on the CWA road project in the township.

Guy Thompson, formerly of this place, now of Parkers Landing, is a surgical patient in Mercer hospital. Mrs. Thompson and Paul accompanied him to Mercer and Mrs. Thompson will remain for the week. Mrs. Frank Woods was discharged from Mercer hospital last week. Gladys Robinson was a Sunday dinner guest of Doris Pugh at the H. L. Patterson home.

Mrs. W. I. Blake spent Wednesday and Thursday with her mother, Mrs. Clara Hartman, of New Castle. Irene Blake was a recent guest of Mrs. Hummel of Grove City.

Mrs. Stella Peck of Sharon is the guest of her daughter, Mrs. Alfred Ramsey.

Mr. and Mrs. Will Martin of Plaingrove visited Mr. and Mrs. S.

O. Drake recently. Christine Ryhal is caring for Mrs. Drake, who has been ill with heart trouble. Mr. and Mrs. S. J. Drake had as dinner guests Thursday Mr. and Mrs. Will Drake and Mr. and Mrs. Frank Bagnell and two children.

The Meris club of Millburn grange held their February meeting at the Grange hall on Monday evening. Edwin Armstrong and George Milan were hosts.

Born to Mr. and Mrs. George Milan Tuesday, February 13, a nine pound son who will be named George, junior.

## BOSTON POLICE HAVE BIG FINGERPRINT JOB

BOSTON, Mass.—Boston police are worried about whether or not they will have to reclassify more than a half a million sets of fingerprints collected over a period of thirty years.

Hopes were expressed that a mathematical formula can be devised so that local prints or any others could be interpreted even if the two systems used are unlike.

Boston uses the Flak-Connelly classification system, whereas almost every other police department in the country uses the Henry system.

## Mad Scramble For Petitions Starting

Today Is First Day For Circulating Nominating Petitions In Penna.

(International News Service)  
HARRISBURG, Feb. 14.—A mad scramble to obtain nominating petitions marked the unofficial opening of the spring primary campaign today, the first day for circulating or filing the petitions.

State Treasurer Charles A. Waters joined the rapidly growing list of those who have taken out petitions for the Republican gubernatorial nomination. His brother-in-law, Joseph Lord, who obtained the papers with Waters' consent, said he did not intend to begin circulating them until he heard from the treasurer, vacationing in Florida.

Another gubernatorial aspirant who obtained petitions today was Ben Eynon, of Scranton, who tossed his hat into the ring last week. Senator Frank Harris, Allegheny, sent an aide for his petitions, although Harris has made no formal announcement.

Many Petitions Out  
Democratic workers, headed by Rep. Anna Brancato of Philadelphia, obtained a total of 900 petitions for various offices, including blanks for Joseph F. Guffey and George H. Earle 3rd, Democratic organization candidates for senator and governor respectively.

In Philadelphia, it was reported that petitions were being circulated for Judge Harry McDevitt, and Justice George Maxey of the supreme court for governor. Thomas W. Phillips, Jr., the 1930 "wet" gubernatorial aspirant, has obtained his petitions and is expected to have a public announcement tomorrow.

## Takes Backbone To Stand The Strain

(International News Service)  
PHILADELPHIA—"Courage and character are needed to meet the perplexing embarrassment, financial and political, prevailing in our commonwealth," in the opinion of Dr. Isaac R. Pennypacker, distinguished historian.

"Our state's government is disorganized; its financial resources are near exhaustion; additional indebtedness of many millions have been piled up by the legislature, governor and popular vote; interest and sinking fund must be paid annually," he asserted.

## Austrians Plan Heated Protest Against Germany

Nazi Intervention Into Austrian Affairs Is Bitterly Assailed

(International News Service)  
GENEVA, Feb. 14.—Baron Eric Von Pflügel, Austrian representative at League of Nations headquarters, assured the League secretariat today that the Dollfuss government's appeal against German Nazi intervention in Austrian affairs will be laid before the League next week.

Chancellor Dollfuss, he said, had delayed action because of the disorders within the republic.

(International News Service)  
NEW WESTMINSTER, B. C.—When Mayor A. Wells Gray was re-elected as liberal member to the British Columbia parliament for New Westminster, he marked up his 24th political victory. Only one defeat has been chalked against his record. He has taken part in 21 municipal elections, 14 of them for mayor, three provincial and one federal election.

## Observe Start Of Lenten Season

Special Services At St. Joseph's Church Mark Advent Of Lent

This morning the beginning of the lent season was observed in the St. Joseph church, with blessing and distribution of ashes. A large crowd attended the services.

Rev. Fr. J. A. Doerr announced that services will also be held to-night at 7:45 o'clock. Ashes will be distributed and Benediction of the Blessed Sacrament will take place.

Starting with next Tuesday evening at 7:45 o'clock, until the close of lent, Rev. Fr. J. A. Doerr, D. D., of Pittsburgh, Pa., will deliver a series of sermons every Tuesday evening, Rev. Fr. Doerr, announced. Lenten season will be observed in the St. Joseph church, with the following schedule:

Every Sunday evening, 7:45 o'clock—Novenna to St. Joseph, Serron and Benediction of the Blessed Sacrament.

Every Tuesday night at 7:45 o'clock—Sermons by Rev. Fr. A. J. Pauley, Pittsburgh.

Every Friday night, 7:45 o'clock—"The Way of the Cross."

## Charles Ponzi Given Freedom

"Wizard Of Finance" Of  
Several Years Ago Completes Eleven Years  
Behind Bars

(International News Service)  
BOSTON, Feb. 14.—Humbly asking for a "new deal"—for a chance to start life anew—Charles Ponzi, whose get-rich-quick bubble burst, was released on parole from State's prison today.

His hair turned gray after eleven years behind the bars—seven at the "Big House" in Charlestown—the "wizard of finance" of a dozen years ago was taken to the immigration station at East Boston to begin his fight against deportation to Italy proceedings.

"I hope they'll forgive me and bear no grudge against me and forget that I was a bad boy," said the dapper man of the twenty thousand who "invested" in his scheme of "fifty percent in forty five days."

## VACABOND KING

Turns Up Anew

(International News Service)  
SHANGHAI.—The "King of Vagabonds" of Shanghai, A. Hanson, continues to pile up his record for court appearances. In the First Special District Court when he was given ten days for begging, the sentence was entered as the 69th given Hanson in the past few years.

Hanson failed to take this one with his usual smile. He complained that ten days was too short. For the first week he would be fed bread and water, leaving only three days during which he would receive decent chow from the city.

ONLY TEN STYLES  
IN CHECK PAPER

(International News Service)  
BOSTON, Feb. 14. In the "old days" when customers of a bank wanted to send money by check, they had a choice of fifty or sixty styles of paper on which to write the amount and sign their "John Hancock." But now in the interest of efficiency and through the efforts of the American Bankers Association for check standardization they have not more than ten choices, and in some banks must take what they get.

## AROUND CITY HALL

Police chronology for the past 24 hours, ending 3:30 p. m. February 13, five arrests, on charges as follows: violating parking regulations 3, intoxication 1 and suspicion 1.

Although city council told Solicitor White to communicate with county commissioners relative to protection for the city from possible lawsuits the city attorney has not yet decided exactly what he will do. His first move was to instruct his inspector, Henry Dysart, to collect data on accidents which have occurred at the West Washington street bridge and upon the facts garnered will rest White's decision. White declared that there is a legal question as to whether or not the city is liable. And he says this situation also exists in regards to the county's responsibility. In other words it is intimated that it is a question of design rather than construction.

It would not be surprising were the musicians of the city to ask for civil works administration funds and that outcome of the request.

would materialize a municipal band. Last summer B. J. Biondi was given the concession at Rainbow Terrace, a dance pavilion at Cascade park. He agreed and did furnish band music on Sunday afternoons. On several Sundays as many as 2,000 people attended the concerts. This not only gave musicians work but people enjoyment. And now that money has been allotted in other cities for music it is anticipated local musicians will ask for it here. Mayor Mayne believes it would be a good idea to have a municipal band. According to the mayor, the band could give Sunday concerts and also appear in public on all holidays and at various municipal functions.

Director of Streets B. F. Butler has not yet been able to return to his desk in the city building. However, he is reported improved. Director Butler was taken ill several weeks ago.

City employees who are injured but return to work before the expiration of 30 days, receive their wages but not compensation. When the insurance company forwards to them checks for compensation the employees in turn sign them over to the account of the city. Compensation starts one week after an injury is reported. There have been cases in the not far past where policemen who were hurt accepted their salary in lieu of the compensation. No city employees can receive both compensation and wages for time lost. City employees are permitted 30 days illness a year, with pay. After that pay stops.

The situation here in regard to contagious illness is not anything to become alarmed about, according to Dr. William F. Steen, city health officer. Contagion is not increasing in such a proportion that the health officer should become alarmed. It is true there are scarlet fever, measles, whooping cough and mumps cases. The health department, however, has been taking precautions to prevent a spread. Quarantine signs are hung immediately and visiting is ordered ended. There is one thing the city can be

thankful for. There is no diphtheria here.

Before the end of the month several clerks who are now employed in city offices will be reappointed; it is not believed there will be any new changes. Streets department officials earned the thanks of Thomas C. Moore, local traction company official because they did not scatter ashes on rails and ground circuits Monday afternoon. City police court was crowded with morbid fads Monday. Some of them evidently prefer missing a hot meal on a zero day to miss hearing some unfortunate testify as to why he fractured some minor law.

Interior of city hall presents a much more favorable appearance than the exterior as the painters have been applying paint in other places. The present members believe in being "dolled up," thanks to CWA funds. J. Q. McQuiddy is still in charge of the Croton avenue stone wall work and he's rather proud of the task. C. C. Coulthard is in charge of Cascade park for the city. Cascade park lake may be cleaned and dredged when spring arrives. Only so many sardines can be packed in a can, likewise persons given jobs by councilmen, as one or two "vote getters" have discovered.

## Completing Plans For Mass Meeting

Protest Meeting For Men Is Being Scheduled For Sunday Afternoon

Arrangements are progressing for the Men's Mass meeting which will be held Sunday afternoon, February 18 in the First Presbyterian church for the purpose of protesting against immoral and obscene forms of entertainment.

The entire program is not complete yet, but it is probable that Judge R. Lawrence Hildebrand will be the chairman of the day, and that the three members of the Law and Order Committee of the Ministerial Association, Drs. McClure, Galbraith and Heaton will speak. It is likely that one Layman will be on the program also.

The meeting is to be open to men only. The probabilities are that a set of resolutions will be presented to the meeting for adoption, calling upon the city and county officials to take steps to prevent a recurrence of such shows.

All city, county and school officials are to be invited to the meeting.

## SHOT AT CAT AND HIT HIS OWN FOOT

(International News Service)  
DETROIT—"All policemen have big feet" is an accepted fact. Of course, not to reflect upon the feet of Patrolman Frank Ponke, 27, of the Hunt street station, but—called out to kill a cat which was foaming at the mouth, Patrolman Ponke put his foot on the sick animal and fired. The cat leaped in time, the bullet struck a brick wall, bounced back and entered the patrolman's foot.

## Camp Thermometer Fell To 30 Below

Foresters Shiver, Then Get Orders That Zero-Cold Work Is Taboo

By FRANK BOWLES (Special To The News)  
CAMP LOWELL THOMAS, C. C. C., Trout Run, Pa., Feb. 14—Camp Thomas' newest building, a fine recreation hall is nearing completion and will be opened as the camp's social center within the very near future. The caution is to be moved from the picturesque building it now occupies to the recreation hall as soon as possible.

Basketball—at least for the Camp Thomas team—is progressing along the road of victory in remarkable fashion, with seven straight triumphs now recorded. C. C. C. camps and schools of the districts furnish opposition.

Won't Work If Zero  
If Old Man Weather pushes the mercury down past the zero mark anymore, Camp Thomas must remain off duty, the same as foresters everywhere, according to a new order received. The day will be made up on Saturdays, if possible.

During last week's cold spell—here it was 30 degrees below one morning—the boys made an attempt to work. The camp's water system froze up.

The ban on passes to Williamsport was lifted this week for the first time in three weeks the foresters were able to leave the woodland retreat for the bright lights of the city.

Diplomacy on the part of the camp's leader, Captain Murfit, possibly avoided serious trouble here last Friday when disorder broke out with the expulsion of two foresters. They were ordered home after a court martial jury had found them guilty of insubordination.

The dissatisfaction arose it is believed, from the fact that the work site at present is at so great a distance from the camp and the newly posted order that calls for six hours of work. The results of this order means that the men would not get back into camp until about 7 p. m.

A typical American is one who doesn't know how much to respect artists until he learns how much they get a week.

## Five Pass Test To Operate Autos

Persons With Learner's Permits Can Take Test Next Week

State Highway patrolmen conducted an examination of motor vehicle operators Tuesday in Sampson street.

All of the drivers had to have chains on their automobiles. There were not many who went through the test. Five of the six passed. Next week persons with 1934 learner's permits can take the examination it was stated. Those who passed yesterday follows:

Stanley Sniezek, R. D. 1, city.

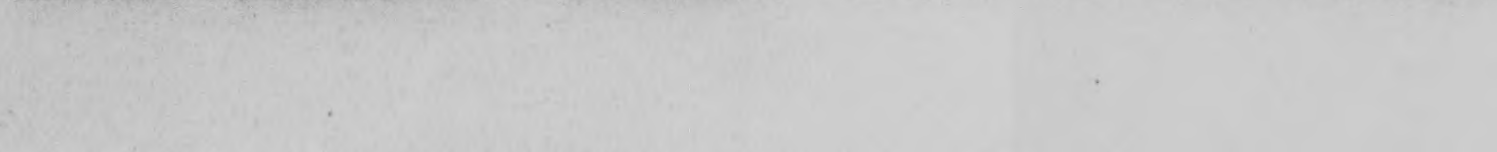

Ada Graham, R. D. 1, Ellwood City.

Ora Cramer, 912 Maryland avenue, city.

Earl Sunwalt, 116 East Grant street, city.

# Russian Polar Party Stranded As Ship Sinks

**Famous Soviet Ice-Breaker Crushed By Floes And Sinks Off Northern Bay**

By LINDESAY PARROTT  
International News Service Staff Correspondent

MOSCOW, Feb. 14.—Crushed by ice floes in the Polar seas, the famous Soviet ice-breaker Chelyuskin, bearing a party of Russian scientists seeking to force a northern passage, sank yesterday 155 miles north of Northern Bay. It was officially announced today.

One man, the supply officer, was killed.

The survivors are camping in tents, unloaded before the vessel sank, and rescue expeditions of airplanes and dog teams are being organized to go to their assistance.

# Students Publish Magazine In Latin

**Hershey High School Pupils Trying To Revive Dead Language In Earnest**

(International News Service)

HERSHEY, Pa., Feb. 14.—Those students who cordially dislike Latin will have to brush up their knowledge of the "dead" language if they wish to keep abreast of current happenings at the M. S. Hershey high school.

A group of 125 Latin students have started a magazine in that language, the magazine, a six page mimeographed publication issued monthly is entitled Praeco, Latin for Herald.

All the contents are written and edited by the students. Everything is in Latin, except an editorial foreword in English explaining the publication's purpose and a story in Italian written by a freshman to show the derivation of Latin from that language.

Students have shown increased interest in the language since the magazine was first issued. Elias H. Phillips, Latin teacher, said. The first issue contained a description of Hershey, an acrostic poem, a crossword puzzle, a travelogue, a play written by the sophomore class and a humorous story on the so-called "fads and frills" in education by the seniors, all in Latin.

# Woodring Denies Resigning Rumor

**Assistant Secretary Of War Denies Any Intentions Of Resigning His Post**

(International News Service)

WASHINGTON, Feb. 14.—Assistant Secretary of War Harry H. Woodring today denied reports that he intended to resign.

"Neither officially nor unofficially have I discussed, or has anyone discussed with me, the subject of resignation," Woodring said.

Reports concerning his resignation were circulated as the result of the federal grand jury's investigation into alleged lobbying activities in the war department. Woodring was a witness.

There's one consolation. If the government pays a billion dollars in interest to some citizens, it means that many less on the C. W. A.

**Plan Immediate Court-Martial For Probable Death For Socialist Forces**

(International News Service)

BERLIN, Feb. 14.—The Austrian government today claimed the capture of all Socialist armed forces in Linz and Steyr, their chief provincial strongholds, according to dispatches to the Berlin newspaper Lokalanzeiger.

The dispatches reported Prince Ernst Rudiger Von Starheimberg, Fascist Heimwehr leader, triumphantly entered Steyr at the head of 400 of his troops, capturing 280 members of the Schutzbund, Socialist "army."

The Lokalanzeiger correspondent reported the captured Socialists faced an immediate court-martial at which they would be doomed to die.

# Easy To Acquire Title Of 'Judge' In Cambria County

(International News Service)

JOHNSTOWN, Pa., Feb. 14.—Opportunity has finally knocked at the door of those who would be addressed with a title, as for example, "Judge."

Three jobs, bestowing that honor, are open in Cambria county but, strange as it seems, are begging for as many potential "judges."

All one must do to get one of the titles is to contact E. Arthur James, county CWA administrator, and become a member of the CWA board of appeals. The board, which will be composed of three, was created to hear all complaints of civil works employees.

Members of the board will be known as "judges." Of course, there's a string attached to it: The salary is exactly nothing.

So far, James has not been overwhelmed with applications for the jobs. In fact, not a single person applied.

**SLIPPERY ROCK UNION**

The Slippery Rock W. C. T. U. met at the home of Mrs. D. C. Cole of Princeton Thursday, February 8 for their regular meeting, with Mrs. Madge Armstrong, leader. After scripture reading and prayer by Mrs. Margaret Shaw, the following program was given. Subject: "What Constitutes Good Leadership?" Very good talks on the subject were given by Miss Mary Watson, Mrs. Margaret Shaw and Mrs. Tilly Bok.

A story of Frances E. Willard nicknamed "Frank" was given by Mrs. Hazel McClymonds and Mrs. Anna Killand. Paper, "Declaration of Principles" was given by Mrs. Florence Stevenson.

Music, "Whispering Hope" was rendered by Mrs. Anna Killand, Mrs. Hazel McClymonds, Mrs. Madge Armstrong and Miss Mary Stoner.

A report was given of the Loyalty Luncheon which was held at the Epworth M. E. church, New Castle. The business period was conducted by the president, Mrs. Tilly Bok.

It was decided that the Slippery Rock Union would purchase and distribute pledge cards among all the Sunday Schools of the Slippery Rock district.

During the social hour a delicious lunch was served by the hostess assisted by Mrs. Bertha White, and Mrs. Madge Armstrong.

There were fourteen members present.

The next meeting will be held at the home of Mrs. Reed Blair, March 8 at 2 p. m., with Mrs. Helen Kilgus leader.

## Scouts Guests Of Kiwanians

Atty. Gilbert Long Makes  
Address At Club Ses-  
sion At Noon

"The stability of our government," declared Attorney Gilbert E. Long in the course of a Boy Scout Anniversary Week message delivered to the Kiwanis club today, "depends upon what we do for our boys."

Taking the topic of citizenship for his discussion, Mr. Long asserted that it is evident that good citizens are needed and emphasized the problem facing us is how they are to be trained. He praised a scout as "a bundle of attributes dedicated to the service of others."

Gathered with the Kiwanians at The Castleton for today's luncheon-meeting were the scouts of Troop V-37, sponsored by the club. At the speakers' table as guests sat their scoutmaster, Dr. R. C. Lutz; their two assistant scoutmasters, Alfred "Sandy" Howard and Richard Herman, and two of the troop's Eagle scouts, James Gravenstreeter and Howell Williams.

Eagle Scout Gravenstreeter spoke briefly as Chief First Eagle and Eagle Scout Williams spoke as Chief Old Faithful at the close. They told of experiences in their merit badge tests.

Scoutmaster Lutz also thanked the club for its cooperation. Hans N. Drio, chairman of the Kiwanis scout committee, presided over the program part of the meeting.

President J. Daniel Reebel introduced Coroner Orville Potter and T. E. Chambers as new club members and appointed N. E. Clark, chairman; E. L. Thompson, Jesse Kerr, C. J. Callahan and L. R. Berkeimer to plan a Ladies' Night affair for the last of the month.

At Coraopolis last night seven local Kiwanians participated with other district Kiwanians in a periodical get-together. The seven were C. M. England, William Hanna, James Mayberry, C. J. Callahan, W. A. Bowers, James Deegan and L. R. Berkeimer. The group went to McKees Rocks for a Kiwanis bowling contest after the Coraopolis meeting.

### DESTITUTE FAMILY

#### LODGED IN CITY HALL

(International News Service)  
CRIPPLE CREEK, Colo.—Citizens near here, were in a predicament. A destitute family had moved into the city hall. Harboring a needy family didn't worry the villagers, but the fact that their fire-fighting apparatus was inside the hall and the uninvited guests were blocking the entrance did.

They circulated a petition, which received 50 signatures, asking that the visitors be ousted. Those objecting to the presence of the family in the city hall declared that they had been advised by local members of the Socialist party to take possession.

## Banghart-Costner Are Identified By Factor As Kidnapers

Two Held In Baltimore Jail Are  
Identified As Participating  
In Kidnaping

(International News Service)  
BALTIMORE, Feb. 14.—Baltimore "The Owl" Banghart and Isaac "Ike" Costner, arrested here Sunday as members of the terrible Touhy mob of Chicago, have been positively identified by John "Jake the Barber" Factor as two members of the gang which kidnaped and held him for \$70,000 ransom.

Factor who flew here from Chicago accompanied by two heavily armed detectives made the identification after confronting the men in police headquarters.

The Chicago detectives who accompanied Factor indicated that an immediate effort would be made to extradite the two men on the strength of Factor's identification.

## Corn-Hog Data Now Available

Lawrence County Farmers  
Can Participate In Pro-  
gram By Signing  
Contract

MUST AGREE TO  
REDUCE OUTPUT

The corn-hog section of the agricultural adjustment administration announces that detailed information concerning the corn-hog reduction is now available to farmers of Lawrence county.

Farmers who have grown an average of 10 acres or more corn in 1932 and in 1933, or any pigs for market in these same years are eligible to participate in the corn-hog production control program.

A farmer who signs a contract agrees to reduce his corn acreage in 1934 by at least 20% of his average production for the last two years; and litters farrowed and hogs marketed from them by at least 25%. Should a man produce one commodity and not the other, he can sign the contract and receive benefit payments on the one commodity. If he grows less than 10 acres of corn he may sign up for a reduction on hogs, but not increase his corn acreage next season. A contracted producer who produces an average of less than four litters of pigs per year must reduce by one litter in order to comply with the contract, even though this will constitute more than 25% reduction from the litter average.

As benefit payments the eligible farmer who signs a contract and reduces his crops in 1934 will receive \$5.00 per head on hogs produced for market, up to 75% of his average production of hogs for the past two years; and 30c a bushel on the estimated production of the 25 to 30% of corn acreage taken out of production. In both cases the farmer's proportion of the local administrative costs of the campaign will be deducted from the benefit payments.

Information concerning the plan can be obtained by applying at the office of the Agricultural Extension Association, 9 Dean Block, New Castle.

Advertisers may not have noticed, but a hen cackles just as loud whether eggs are worth 10 cents or 60.

## Navy Contracts Will Be Probed

(International News Service)  
WASHINGTON, Feb. 14.—A house naval affairs subcommittee today voted to summon Edward A. Deeds, high official of the United Aircraft and Transport Corporation to appear before it and testify on profits made through navy contracts.

The corporation owns or controls 14 of the largest aviation companies in the country. Two of its subsidiaries, the Pratt & Whitney Corp. and the Boeing Airplane Co., have been among the leading contractors for military aircraft.

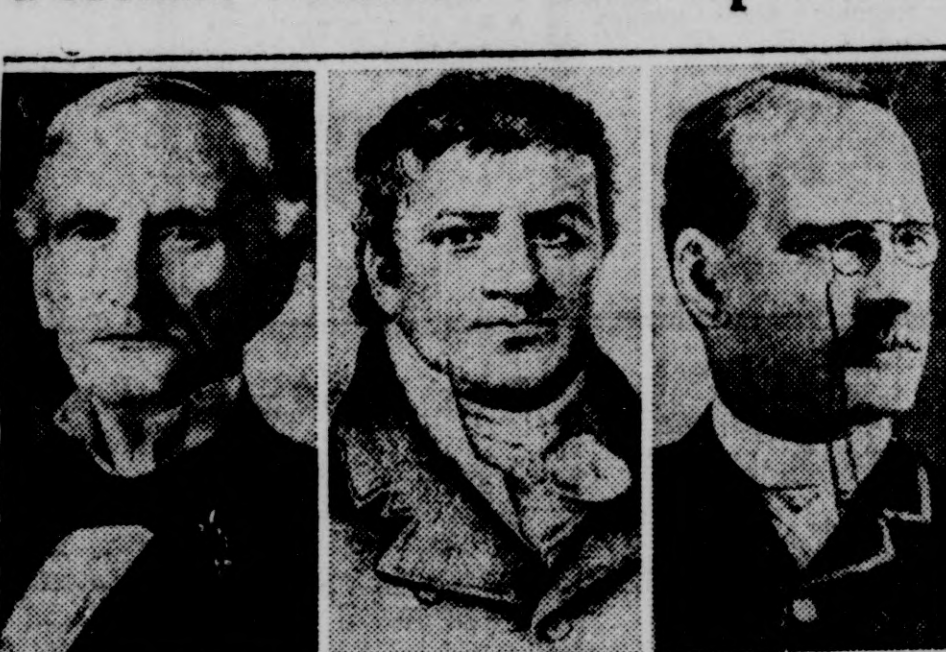

He will fulfill the desire of them that fear him; he also will hear their cry, and will save them.—Psalm 145:19.

## SCOTT'S SCRAPBOOK By R. J. Scott

AMERICA'S FIRST MODERN HIGHWAY, THE "KING'S ROAD" OF THE INCAS, EXTENDING 4,000 MILES THROUGH THE 50 AMERICAN STATES WAS BUILT BY PEOPLE WHO ANTICIPATED THE NEED FOR A ROAD BUILDING. THE PRE-INCAN ROAD BUILDERS FAR SURPASSED THE ROMANS IN ENGINEERING SKILL.

## Fortune Makers—and Spenders

There are 5,000 millionaires in the United States today, according to recent figures. Few fortunes survive their founder. Above are shown three great money empire builders and below them are the young men who today control those fortunes or soon will control them. Top, left to right, are Judge Thomas Mellon, who amassed the Mellon wealth; John Jacob Astor, I, founder of the great Astor dynasty; and William C. Whitney, who built the Whitney fortunes, now greatly reduced. Below, left to right, are Paul Mellon, son of Andrew Mellon, who will one day spend the Mellon millions; Vincent Astor, present head of that family; and Cornelius Vanderbilt Whitney, second generation spender of the Whitney wealth. (International News Service)  
SAN ANTONIO, Tex. Feb. 14.—Testimony was completed today and arguments started in the trial of Lieut. John Murrel, former all American football star for alleged criminal assault on Mrs. Blanche Ralls Boelsch.

Court recessed until this afternoon after assistant district attorney Ben Foster had made a brief opening argument for the government.

### SAYS STERILIZATION WILL BREED CRIME

(International News Service)  
CHICAGO, Ill.—Dr. J. H. Landman, a scientist, of New York, takes issue with legislators who are positive about the advantages of compulsory sterilization.

He declared here that an extensive program of human sterilization would only create newer problems continuing:

"Large numbers of men and women now leading fairly happy lives in well conducted institutions would be forced to shift for themselves in a rather misunderstanding world. They would be overwhelmed by it and they would soon be drifting into vice, crime and destitution. Their cost to the community would be considerable.

Dr. Landman suggested the "more natural and humane way" of segregation, and urged more study and greater knowledge before resorting to sterilization.

## Joe Cahill, nationally known as the man who made dude ranches and Madison Square Garden rodeos popular, was recently appointed chief of police.

One of his first acts was to create a junior police force. The first seven boys, admitted were assigned to keeping folks off the lawn at the state capitol. Others will be charged with protecting the lives of children in traffic and with protecting property.

### VANITY OF THIEF LANDS HIM IN JAIL

COLORADO SPRINGS, Colo.—The vanity of a thug led to his arrest here recently—and a 10-year sentence in the penitentiary. The cashier of a local theater described the young man who held her up and took \$92.60 as "good-looking."

"So she thought I was 'good looking,'" a waitress overheard a young man remark to his companions as they sat in a restaurant reading an account of the robbery. "Guess I'll date her up."

The waitress notified police and Truman Strachan, 21, was arrested. He confessed.

## Pennsy Places Million Order For New Steel

Five Pennsylvania Steel Companies Get Parts Of Gigantic Order

(International News Service)  
PHILADELPHIA, Feb. 14.—The Pennsylvania Railroad company today placed orders with five Pennsylvania steel companies for 15,000 tons of steel, copper wire and cable to cost more than \$1,000,000.

The orders were in furtherance of the railroad's \$77,000,000 improvement and employment program, financed by the Public Works Administration.

Fabrication of the steel was divided among the American Bridge company and the Fort Pitt Bridge company, of Pittsburgh; Ingalls Iron Works company, Verona; the McClellin Marshall company, and the Shoemaker Bridge company, both of Pottstown.

The copper wire and cable orders were divided among the following firms:

Phelps Dodge Copper Products corporation, Bayway, N. J.; J. A. Roebling's Sons company, Trenton and Roebling, N. J.; General Cable corporation, Perth Amboy, N. J.; Anaconda Wire and Cable company, Ansonia and Waterbury, Conn.; American Electrical Works, Philadelphia, R. I.; and the Graybar Electric company, Worcester, Mass.

### FARMHAND RAN AMOK IN FATAL TRAGEDY

(International News Service)  
SIDNEY, Mont., Feb. 14.—Sheriff George T. O'Brien recently revealed how Henning Isaacson, 25, a farmhand, set fire to a house, burning Mrs. Sam Palmer, invalid widow, to death.

Isaacson then hid in a scotch 300 yards from the house and shot with a rifle at neighbors who came to put out the fire. He wounded Mrs. Inez Palmer Kost, 40, and her small son.

After driving away the persons who had come to extinguish the fire, Isaacson turned the gun on himself and ended his life. The tragedy occurred at Mrs. Palmer's ranch, 30 miles northwest of Sidney, where Isaacson was employed.

### BOLOGNA PAYMENTS SETTLE HIS ALIMONY

(International News Service)  
DENVER—Mrs. Adeline Joy is collecting alimony, not in "bologna money," but in real bologna. Earl Joy, her former husband, pleaded inability to pay \$30 a month alimony.

"But he has a delicatessen store," Mrs. Joy's attorney told District Judge Otto Bock.

"Well," the judge said, "would you be willing to take the equivalent of the alimony monthly from articles in the store?"

"Yes I would," Mrs. Joy replied. So now Mrs. Joy collects her alimony by shopping in her husband's store for bologna, cheese, sardines, stuffed olives and other foodstuffs.

### TACK REMOVED FROM BOY'S LUNGS

(International News Service)  
DENVER—A delicate operation, in which a tack was removed from the lungs of a four-year-old Guy Patterson, probably saving his life, was described at a recent clinic of the Colorado Medical society here. Dr. H. R. McKean described how the boy suffered from a racking cough for six months and was seriously ill when the bronchoscope was utilized in removing the tack.

The bronchoscope, a long, slender tube with a light and strong forceps at its end, was inserted into the boy's lungs. By careful manipulation of wires, the operating physician caused the forceps to close on the tack, and it was pulled out.

### PORTLAND POLICE HAVE 'CAMERA' EYES

(International News Service)  
PORTLAND, Ore.—Portland police rarely erred in identifying prisoners during the past year, records of Captain H. A. Circle revealed here.

Sixty-five per cent of Portland's patrolmen and sergeants had averages of 90 per cent or higher in identifying prisoners in city jail lineups. Only one, a patrolman, had an average lower than 50 per cent.

### D. A. MCCARTHY'S ARM IS BROKEN

Tuesday afternoon D. A. McCarthy, of 802 Neshannock boulevard, a foreman in the American Sheet and Tin Plate Company, sustained a broken left arm when he slipped and fell in front of the office of the company.

He was taken to the New Castle hospital, where an X-ray was taken. Hospital attendants reported his condition as "good" this morning.

To meet a funeral either coming or going to a wedding is said to be a sign of ill fortune.

Top left, Mildred E. Lincoln; center, Dr. Chase G. Woodhouse; right, Katherine Woodruff. Below, left, Mary Stewart; right, Prof. Wm. M. Proctor.

A frontal attack on the occupational problems of the nation will be made by a small army of government officials and experts in education Feb. 21-24, when the National Vocational Guidance conference will be held in Cleveland. Prominent folk taking part

in the discussions will include William H. Stead, of the United States employment service; Mildred E. Lincoln, Rochester, N. Y., trustee of the guidance association; Miss Katherine Woodruff, president of National Federation of Bureaus of Occupations; Dr.

Chase Going Woodhouse, of North Carolina College for Women; Miss Mary Stewart, office of Indian affairs, Washington, D. C.; Prof. William M. Proctor, of Stanford university, California, president of the conference, will preside over the sessions.

### Alderman Calls Attention To Law

In a letter to The News, Richard R. Lewis, South Side alderman, tells of a law which was passed in 1831, which forbids any merchant to sell

flobert rifles, air guns, spring guns, imitation toy cannons and .22-caliber rifles that can be loaded to shoot bebe shots, slugs or gun powder, to minors under 16 years of age.

Mr. Lewis, in the letter, states that any person violating this law is subject to a fine not exceeding \$300.

### CARS DAMAGED

### INDIANS PROTEST AGAINST DAM PROJECT

(International News Service)  
PORTLAND, Ore.—Ancient fishing rights granted Indians along the shores of the mid-Columbia river may be jeopardized by the erection of the \$31,000,000 Bonneville dam. Indians, who depend upon the Columbia for their chief food supply are much exercised over what may happen.

Chief Thompson of Celilo officially voiced the Indians' protests when he appeared before United States Attorney Donabaugh and asked him what the government intended to do to preserve the salmon runs and the ancient fishing grounds at Celilo falls established by treaty in 1855.

### WARNS LIQUOR TRADE TO 'CLEAN HOUSE'

(International News Service)  
DENVER, Colo.—Colorado will be bone-dry again within two years if the liquor business does not "clean house" according to Homer Bedford state treasurer in charge of the issuance of liquor licenses.

Bedford returned to his office after five weeks in a hospital during which time permits had been issued to hundreds of liquor dealers. A legislative investigation revealed that several former bootleggers had obtained such licenses, contrary to state law.

### QUICK-THINKING DRIVER AVERTED EXPLOSION

(International News Service)  
COLORADO SPRINGS, Colo.—Clear thinking and quick action of James Johnson, 20, a tank truck

driver, was credited with saving Colorado Springs from a terrific explosion and possibly a conflagration. Johnson was filling a truck with gasoline from one of a group of large storage tanks when fire suddenly broke out at the outlet of the tank and on the truck.

Johnson jumped into his truck, drove away from the tanks and put out the blaze with a fire extinguisher. Then he ran back to the tank and turned the extinguisher on the blaze there. Firemen arrived in time to put it out before the tank exploded.

### SUPERMAN QUALITIES LISTED FOR PARSON

(International News Service)  
LONDON—Here's what it takes to be a parson, according to a notice posted in a City of London church: Strength of an ox. Tenacity of a bulldog. Daring of a lion. Patience of a donkey. Industry of a beaver. Meekness of a lamb. Hide of a rhinoceros. Disposition of an angel. Loyalty of an apostle. Faithfulness of a prophet. Fervency of an evangelist. Devotions of a mother.

### COUNTRY MOTHS SHUN CITY BRIGHT LIGHTS

(International News Service)  
HALFMOON BAY, — Unlike their human brethren, country moths are more wary of bright lights than the city variety, according to Max Leonard, San Mateo County Horticulture Commissioner.

only bait that will lure the rural moth to his ultimate singeing, Leonard revealed after experiments with the large plume moth in a Halfmoon Bay artichoke field.

The moths are attracted to dim blue lights in preference to any other colors. Leonard's lights were surrounded with electrodes on which the artistic-minded moths met sudden death. Counting of the different lights enabled him to list the moths' preferences.

### NEW DEAL ALPHABET ASSURED OF LONG LIFE

NEW BRITAIN, Conn.—Berko-witz brothers, meat dealers, have learned to know and love the New Deal and all its alphabetical progeny, but their knowledge was not gleaned from the state NRA or General Hugh S. Johnson, national administrator.

A stray cat made her home at the market several months ago and was dubbed "New Deal" by the brothers. Recently she gave birth to a litter of kittens. Searching for names for the new arrivals the brothers finally named them respectively: NRA, CWA, RFC, PWA and CCC.

Valentine For Uncle Sam In Dollars And Cents; Over-subscription Reported

HOPE TO RAISE TEN BILLION

(International News Service)  
WASHINGTON, Feb. 14.—The public's valentine to Uncle Sam was a substantial oversubscription to the February 19 offering of \$800,000,000 in three year and 22 months' notes, a part of the program of raising \$10,000,000,000 to finance the recovery program before June 30.

In other words the investing public "said it with dollars instead of flowers."

About eight hours after the books were opened on two offerings of \$400,000,000 each in 2½ and 3 percent notes, secretary of the treasury Morgenthau, announced that the issues had been closed and that the government had secured the funds needed.

Officials declared that the ready response of the investors, including the member banks which have more than a billion dollars in excess reserves deposited with the federal reserve banks, indicated that there would be no difficulty in raising the required ten billion before the end of the year.

It was expected that the government would borrow about a billion dollars in "new money" between now and the first of the new fiscal year, beginning July 1.

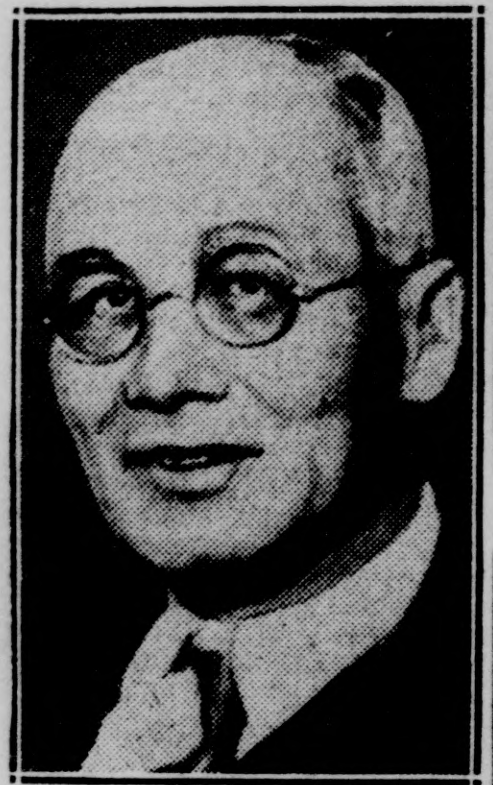

## Plan For Rest Of National Oil Code

(International News Service)

TYLER, Tex., Feb. 14.—The way had been cleared today for a quick test in the courts of the national oil code following the return by a federal grand jury of indictments against nine men here yesterday charging violation of the code.

Federal Judge Randolph Bryant announced that he probably would rule on demurrers to federal injunctions Thursday or Friday at Sherman. This would also pave the way for an appeal to the higher courts on a test of the federal government's power to regulate the oil industry.

## Ousted Jap Minister

Baron Nakajima

Because he condoned the action of Shogun Takuji, who deposed Emperor Godaigo in 1337, in a magazine article he wrote a decade ago, Baron Kumakichi Nakajima was ousted from his post of Minister of Commerce of Japan, although he vowed his views had changed since he wrote the article.

## VLADECK SPEAKS TO LARGE GROUP

New York Editor's Message Ends Lecture Course; "Socialism" Theme

An audience of 350 heard Baruch C. Vladeck, New York, managing editor of the Jewish Daily Forward, America's leading foreign language newspaper, declare that President Roosevelt's actions might be called "Socialistic" when he addressed them on "The Aims of Socialism" in the Y. W. C. A. last night.

Mr. Vladeck gave the final lecture of a series of six sponsored by the League for Industrial Democracy. Herbert S. Kirk presided as chairman of the meeting.

A lecture course will also be sponsored in 1935, local leaders of the organization sponsoring this year's course, have announced.

## Railroads Will Buy Equipment

Contracts Announced Today For Loans To Several Roads Including Penny

(International News Service)  
WASHINGTON, Feb. 14.—Contracts were announced today by Public Works Administrator Ickes for loans totalling \$33,028,000 to the Chesapeake and Ohio, Erie, Northern Pacific, and Pennsylvania railroads, to purchase new equipment and rails.

Class I railroads operating 280,000 miles of track up till the end of 1933 had orders for only one new locomotive, 224 freight cars, and three passenger cars. The railroad loans announced today will enable these roads to manufacture 11,575 freight cars, 150 passenger cars, ten locomotives, and 100,000 tons of steel rails.

Including the four contracts signed today, \$129,168,000 has been placed under contract for railroad loans out of a total of \$199,607,800, allotted by the PWA for this purpose.

## Petitions Taken Out For Slate By State Republicans

(International News Service)  
PITTSBURGH, Feb. 14.—Nominating petitions for the slate of candidates selected by the Democratic state organization were taken out here today.

The ticket consists of Joseph F. Guffey, Pittsburgh, for U. S. Senator; George Earle, 3rd, Philadelphia, for governor; Thomas Kennedy, Hazleton, for lieutenant governor; Thomas Logue, Philadelphia, for secretary of internal affairs; and Chester Rhodes, Stroudsburg, for judge of the superior court.

Harlan was brought back with extradition papers.

## NEW IDEA CLUB

Members of the New Idea club were delightfully entertained by Miss Dora Livesay in her home at 922

Beckford street on Tuesday evening. Valentine suggestions were used.

Two tables of bridge were in play and high honors went to Mrs. Ruth Crawford. Bingo was also enjoyed during the course of the evening. At an appropriate time, the hostess, assisted by her mother, Mrs. Margaret Livesay, and Miss Helen Clark, served an appetizing luncheon. Those present had an enjoyable evening.

Mrs. Esther McBride of Englewood avenue will entertain the club on March 13 in her home.

## PROFESSORS WILLING TO 'GAMBLE' ON PAY

(International News Service)  
BOULDER, Colo.—More than 125 professors who will instruct summer students at the University of Color-

The professors, who are coming to Boulder from all parts of the country, declared that they considered it a "good gamble."

## JAILLESS TOWN MAY BUILD FOR DRUNKS

(International News Service)  
SOUTH BEND, Wash.—After going ten years without a jail South Bends city fathers may have to build one to take care of "drunks." Many years ago the town used to have a wooden "calaboose" with a steel cell in it, but the building got decrepit and the steel cell was moved to the city hall. It was not used as the fire risk was too great to leave a prisoner locked in the jail.

With the advent of stronger beer and legal liquor, drunks have increased. They could not be fined, as they would threaten to stay the fine out in jail and, until suitable quarters are constructed, that just could not be done.

Molded chicken salad with assorted sandwiches looks pretty and makes a nice buffet supper or refreshments for the evening.

## ONCE MORE IT'S FASHIONABLE TO WEAR HAIR BRAIDED A LA CORONET

After all these years it's again the fashion and not only an individual style to wear the hair braided around the head, a la coronet. Jean Harder, left, New York society girl, wears a double coronet hair braid as done by the blonde, Princess Dolly Obolen-sky, second, shows how regal is the coronet braid. Ashmore, another wears the "halo" coronet hair braid, with distinction, third, and right, Miss Betty Kip, shows her version of this style which threatens to become the rage.

# Woman Doctor Waging Battle For Her Life

Young Physician Is Sub-  
jected To Gruelling Cross-  
Examination On Wit-  
ness Stand

## WOMAN DOCTOR AIDING COUNSEL

By WILLIAM G. GAUDET  
International News Service Staff  
Correspondent

GREENWOOD, Miss., Feb. 14.—  
Dr. W. F. Hand, who insists that Dr.  
J. Preston Kennedy's death was due to  
mercury poisoning, was due for  
a scorching cross-examination by  
defense today at the murder trial  
of Dr. Sara Ruth Dean.

The young physician who treated  
Dr. Kennedy in his last illness has  
denied that the victim might have  
committed suicide or died of acute  
Bright's disease, gastritis or an over-  
dose of calomel.

**Delayed Treatment.**  
Today he was to be bombarded  
with more questions to bring out a  
possible mistake in diagnosis. Stress-  
ing the deceased physician's delay  
in seeking treatment for his illness,  
defense attorneys will try to show  
that Dr. Kennedy would never have  
waited so long if he believed he had  
been poisoned, or if he actually  
wished to recover.

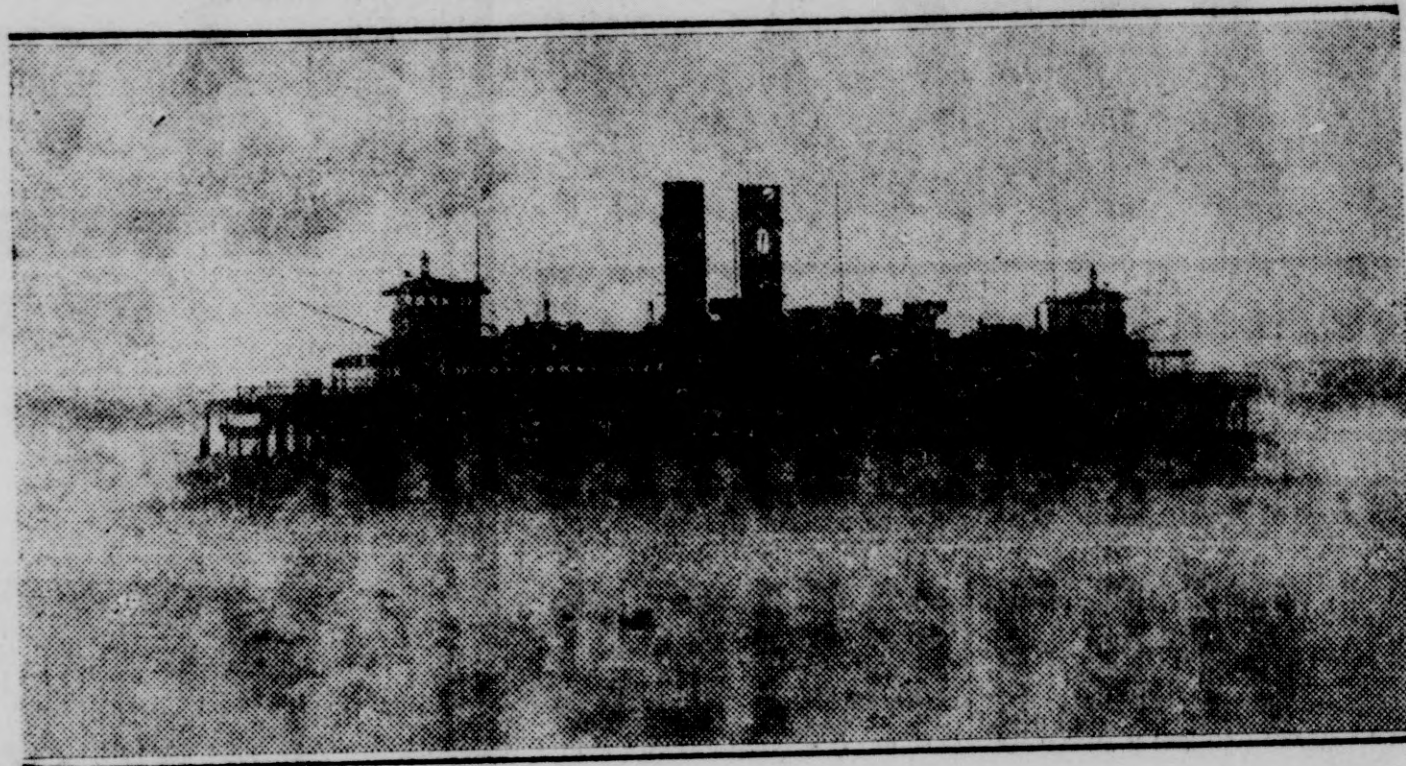

Another probable witness for to-  
day is Dr. Ira Jones of Williamette,  
Ill., a manufacturer of embalming  
fluid. He will be introduced by the  
state to forestall any defense at-  
tempt to suggest that mercury found  
in Dr. Kennedy's body might have  
come from the embalming. Dr. Jones  
is expected to testify that his prod-  
uct contains no mercury.

Calling on all her medical astute-  
ness Dr. Dean has suggested most  
of the defense questions asked Dr.  
Hand.

ST. VINCENT, France.—Georges

here has become a national shrine  
—four years after his death. Fifty  
thousand persons visit the scene of

taker and guide to the Clemenceau

# River Steams as Sub-Zero Wave Grips Manhattan

Like a picture from a fairy tale showing a dream boat floating on a cloud, the squat ferry boat shown  
above, which may be seen daily plowing the murky waters of the Hudson carrying its cargo of commuters,  
was enhanced by clouds of steam rising from the waters. The steam was caused by the intense cold air  
striking the water which was a few degrees warmer than freezing, and condensing, formed great clouds  
of steam which proved a thrilling sight. The mercury dipped to new low for New York, 14 below zero.

## ALL METAL BUILDING PROPOSED FOR PITTSBURGH

Here is an architect's drawing of

building on the site of the old Ex-  
position building in Pittsburgh.

## ANY AVERAGE PERSON CAN BE ART JUDGE

(International News Service)  
LAGUNA BEACH, Cal.—William  
A. Griffith, artist of international  
renown, addressing a local meeting,  
made the point that any person rat-  
ing above a half-wit in intelligence  
could determine the merit of a  
painting, without waiting for a crit-  
ic's opinion before forming judg-  
ment.

"You have to use your own head,"  
he said. "God gave it to you for  
that purpose. Don't be guided by  
what someone else says about a pic-  
ture. The only way to appreciate

art is to see it with an understand-  
ing mind, enriched by a constant  
observation of nature."

## STRANGE MALADY HITS TOWNS IN WASHINGTON

(International News Service)  
HOQUIAM, Wash.—Some defi-  
ciency in diet, or perhaps the lack  
of new blood among the deer, has  
caused a strange malady among  
fawns in the Hoh River district.  
More than half of the animals  
are crippled, some of them unable  
to walk.

A quantity of salt, treated with  
iodine, might effect a cure, the  
state game department was infor-  
med—as apparently, the deer could  
not discover enough natural "salt  
licks."

## CANDID CANDIDATE MAKES UNIQUE APPEAL

(International News Service)  
DIMMITT, Tex.—If the voters of  
his district are willing to pay him  
\$10 a day for watching "one of the  
best shows on earth" W. W. Hal-  
comb of Dimmitt is willing to take  
the job as state legislator.

Halcomb's announcement of his  
candidacy struck a new high in  
frankness when he declared what  
he wanted was "a ringside seat at  
that show, drawing ten bucks a day  
of the people's money. I never made  
that much dough before," he ad-  
ded.

"My opponent is a swell fellow,  
but there isn't any demand for that  
kind of folks," Halcomb said. "I  
don't know anything. Being ignor-  
ant as I am, they may elect me  
speaker."

Air lines in the United States flew  
nearly 26,000,000 miles transporting  
235,000 passengers the first half of  
1933.

# Love Letters Being Read In Murder Case

Seek To Show Malice Of  
Young Doctor Against  
Her Lover-Doc-  
tor Friend

(International News Service)  
COURTROOM, GREENWOOD,  
Miss., Feb. 14.—Reading of love let-  
ters from Dr. Sara Ruth Dean to  
Dr. J. Preston Kennedy, the man  
she is accused of having poisoned,  
was begun today by the state in an  
attempt to show malice on the part  
of the young woman physician for  
her former associate.

Reading of the letters was permit-  
ted over the objection of defense at-  
torneys, who already have presented  
and identified 145 letters from Dr.  
Kennedy to the woman who is  
charged with having mixed him a  
poisoned whiskey highball. The  
state is expected to match letter for  
letter.

In reply to the objections of the  
defense, Jordan declared:  
"Through these letters we hope to  
show malice for the crime, if any  
crime was committed."  
Four of the letters identified be-  
gan "My darling," and several were  
postmarked in 1931 prior to Dr. Ken-  
nedy's divorce from his wife.

## CCC HAVE BEAUTIFIED SCENIC BERKSHIRE HILLS

(International News Service)  
BOSTON, Mass.—Tourists who  
visit the Windsor James, famous  
gorge in the State Forest in Wind-  
sor and Savoy in the heart of the  
Berkshire Hills, will see a transfor-  
mation of the landscape made more  
beautiful by months of work by two  
hundred Civilian Conservation  
Corps workers.  
The famous scenic spot has been  
made more accessible and less ex-

posed to fire hazards. Bridges,  
roads, trails and pools have been  
built. A trail winds down along  
the bank of the gorge and at con-  
venient intervals there are obser-  
vation points constructed of logs.

## ELECTRIC TRAIN OBEYS OWNER'S VOICE

(International News Service)  
OKLAHOMA CITY, Okla.—An  
electric train that obeys the voice  
of R. G. Brown, an employee of a  
telephone company, is attracting  
wide attention here.

The train was constructed by  
Brown and obeys his orders. The  
controls were constructed along  
the lines of the dial on a telephone.  
Each syllable spoken by Brown  
moves the switch one notch. The  
only difficulty is in wording the  
command with the proper number  
of syllables.

Strangely, the word "go" puts it  
into reverse as there is only one  
syllable in that command. Six are  
required to start the train forward.

It seems to be a rule. The sillier  
the cause, the more zealously its sup-  
porters fight for it.

## Public Debt Is Climbing High

Debt At End Of Fiscal Year June 30, Will Be \$29,000,000,000

(International News Service)  
WASHINGTON, Feb. 14.—Moving toward a public debt of more than \$29,000,000,000 by the end of the fiscal year June 30, Secretary of the Treasury Morgenthau, on Tuesday announced two new issues of notes totaling \$800,000,000.

This followed an offering of a billion dollars in notes dated January 29. Under the program of borrowing to finance the recovery program the public debt will amount to \$32,000,000,000 by June 30, 1935 after which there would be no further increase.

The new securities will include two issues of \$400,000,000 each both dated Feb. 19. One issue would be for 22 months maturity with interest at 2½ per cent and the other a three percent issue maturing February 15, 1937.

Following allocation of the new issues the public debt will be about \$26,000,000,000 which will be within \$500,000,000 of the wartime peak of August 31, 1919.

President Roosevelt has expressed the hope there would be no further increase in the public debt after June 30, 1935.

## Welsh Lodge Has Business Meeting

Hears Committee Report On Plans For St. David's Day Celebration

By WILLIAM A. JOHNS (Brython)

The members of the Star of Wales lodge had an excellent meeting last Saturday evening. The chair was filled by the vice president, Thomas Grey, and Henry T. Jones occupied the vice chair. The financial secretary, Thomas D. Thomas, gave an encouraging report of the financial part of the lodge. The committee on the celebration of St. David's Day on March 6 reported that the program for the celebration is ready. An invitation from Rev. Rees T. Williams to meet at the First Congregational church in a divine service on Sunday evening, March 4, to enjoy a talk on the principles of the Iovite Order, was accepted.

We are sorry to report the illness of Mrs. Sarah Ann Lewis, the mother of the organist and the pianist, Edwin Lewis, of Highland avenue. Today, however, she was reported better, and she will be well again in a few days.

A letter from home, Morristown, South Wales, written by David Johns, brother of Brython, telling that preparations are in progress in South Wales for the coming of the annual eisteddfod of Wales, which will be held this year at Neath, five miles from Morristown.

Llewellyn Thomas, of South Mercer street, has returned home after a short visit with his son, David John Thomas and family, at Pittsburgh.

Great preparations are being made by the two lodges, Martha and Star of Wales, for the coming celebration of St. David's Day, March 6, at the First Congregational church. A tea party and entertainment will be enjoyed.

Mrs. Sidney Johns, of Garfield avenue, will leave this week for a trip to Phoenix, Arizona, to visit her sister and brother-in-law, Mr. and Mrs. Arthur R. Middleton, for a few months. She will return home sometime in the summer.

John Mozesz, father of John Mozesz, Jr., slayer of Rose Balogh who came here from California, shortly after the arrest of his son, left yesterday for Pittsburgh. He told Sheriff Edward D. Pritchard that he hoped to be able to find work in Pittsburgh, until the March term of court, when his son will be tried here on a charge of murder. He expects to be present at the trial. Mr. Mozesz is a quiet, unassuming man who has created a favorable impression on those whom he has met here.

The will of the late Francis P. Dufford has been probated at the office of the register and recorder. Mr. Dufford left his property to the Union Trust Company in trust for his wife, during her lifetime. At her death it is to be equally distributed

between his sons, Ralph V. Dufford and Francis V. Dufford. The sons are names as executors.

Sheriff Edward D. Pritchard, yesterday took three prisoners from the county jail to the Allegheny county workhouse. They were Doe Hopkins, sentenced four months to one year on a charge of larceny; John Book, sentenced six months on a charge of passing worthless checks, and William Henderson, sentenced from six months to one year on a charge of larceny.

County Treasurer William O. Pitts reports that collections are slow in the county treasurer's office at present. About the only money coming in is that received for dog licenses, and back taxes when some estate is settled up. County expenses are being met by borrowed money, but there is still about \$9000 in the poor fund. Treasurer Pitts does not expect much increase in the receipts of his office until the 1934 tax millage is set and the taxes begin coming in. It is probable that the first surplus will be used in reducing bank loans.

County Commissioner Elmer Conners reports that assessors will complete their work in Ellwood City this week. All of the wards have been completed except the third. As soon as this is turned in the county commissioners will be able to compute the total assessed valuation of the county and set the millage for this year. It will be necessary first to prepare a budget to ascertain just how much revenue will be required. Figures on last years expenses will be furnished by County Controller, R. M. McCaslin.

Sheriff Edward D. Pritchard says that there are now 34 prisoners in the county jail. A short time since he had 49, the largest number since he assumed office. The decrease has been caused by some discharges, and by the removal of prisoners to other institutions following pleas entered in court.

County Commissioners have been notified that the Holstein bridge across the Neshannock creek near Neshannock Falls is in need of attention. The floor is paved with block, and the water has trickled under them, frozen, and raised the blocks.

Attorney George W. Muse calls attention to the fact that on Sunday, February 25, New Castle, as a city, will be 65 years old. New Castle was made a borough on March 25th, 1925, while still located in the southern part of Mercer county. It was raised to the dignity of a city on February 25, 1869.

The act of assembly, which erected Lawrence county was signed by the governor on March 20, 1849. At that time the population was 21,079, including 132 colored. The county has an area of 376 square miles. It is rich in natural resources, including coal, limestone, fire clay, with some oil, gas, and iron ore. The iron ore, for the most part is worked out, having been used to supply the earlier furnaces, Willie Roy, Lawrence, and Hope.

New Castle was laid out by John Carlisle Stewart and others in April, 1798. As late as 1884 the city was without a water or sewer system and had a population of only about 10,000. Census figures show the population in 1890 at 11,600; in 1900 it was 28,399; in 1910, 36,280. The present population with outlying districts is estimated around 50,000.

## Here Is a Fearsome Word For You ASTIGMATISM

Simplified—it merely means serious eyestrain.

Eyestrain, caused by poor and improper lighting, is one of the most common enemies of your eyes.

Yet it is one of the easiest to avoid—see to it that you have ample light to work and read by.

It is far more economical to have abundant light than to subject your eyes to enervating strain.

## Stock Market Is Firm Today

Metal Shares Dominate In Stock Market Today; List Is Firm

### MOTOR SHARES MUCH QUIETER

(International News Service)  
NEW YORK, Feb. 14.—Strength in the metal shares again dominated dealings on the New York Stock Exchange today. The rest of the list, though, while firm, failed to show any disposition to follow the metal shares.  
Weakness in the cotton market was a restraining influence on stocks today. Cotton broke nearly \$1 a bale at the start on accumulation of overnight selling orders resulting from the opposition to the Bankhead bill. The first hour of trading was moderate recovery took place after the first hour.  
United States Smelting was again in demand and moved up a point, while American Smelting, Cerro de Pasco, and Park Utah scored lesser gains.  
Prime industrial shares also showed a stronger tone as the session progressed with United States Steel, Bethlehem and American Can scoring fractional gains.  
General Motors and Chrysler were quiet and firm in the motors division. Auto accessory shares were firm in light trading.  
The aviation stocks scored a further recovery today with United Aircraft up nearly a point from yesterday's close, while Aviation Corp., Douglas and North American, Aviation gained fractionally.  
Trading during the forenoon was slow and turnover fell far below previous sessions.

## NEW BOND ISSUE DEFEATED HERE

### Light Vote Is Cast As Issue Is Overwhelmingly Defeated At Special Election

### Returns Show Every Ward Opposed To New City Building And Swimming Pool

ELLWOOD CITY, Feb. 14.—In an overwhelming manner citizens of Ellwood City opposed the new bond issue for the construction of a new municipal building and swimming pool under the PWA, at a special election held Tuesday.  
Although a light vote was cast in the city in comparison with the last primaries and election, the bond issue was still decisively defeated. The light vote is explained to the snow and cold weather which kept most of the voters indoors. Every ward in the city opposed both the municipal building and swimming pool in conclusive manner. The complete unofficial returns are as follows:  
**City Building**  
1st. ward ..... 78 123  
2nd. ward ..... 50 179

## Ellwood Hi Bows To New Brighton

### Blue And White Drops 27-16 Verdict At New Brighton Floor Last Night

### CAPO AND KEPPEN LEAD HOME ATTACK

ELLWOOD CITY, Feb. 14.—New Brighton High repeated their earlier victory over Ellwood High Tuesday night when they trimmed the Tubers 27-16 in the valley team's floor.  
The home team took an early 8-4 lead and never once lost the lead, as they executed a fast passing attack which bewildered the Tube City passers. A strong second quarter rally by the Roarkmen practically decided the issue of the evening. New Brighton scored ten points in this period while holding the Benedictmen to 3.  
The Ellwoodians caused the home team some concern when they launched an offensive drive of their own and at the same time presented an impregnable defense. Ellwood counted up eight points while holding New Brighton to one, making the score at the end of the period read 19-15.  
The situation was reversed in the final chapter when New Brighton again started an offensive to outplay the Tubers 8-1, making the final score 27-16. New Brighton scored heavily from the free throw line, making 8 out of 10, while the best their opponents could do was 4 out of 11.  
Capo and Keppen led the attack for the victors with 8 and 6 points respectively. Bunny, Lamenzo and Latiano were best for the Tubers.  
In the preliminary game the Ellwood City High Reserves lost a close and hard fought game to the New Brighton Reserves by a 23-13 score. Cole of the Ellwood team held the limelight, scoring 5 field goals and three fouls for a total of 13 points. Goodman and McCutcheson were best for the winners.

Prof. James P. Metheny of the University of Pennsylvania, Philadelphia, spent the week end with his sister, Mrs. Clyde Buzard, Second street. He returned east Sunday night.  
Mrs. Wilson Bonzo, of Celia Stop, Ellwood City, is convalescing in the New Castle hospital after an operation. It is reported that she is doing very nicely.  
Miss Callie Smith and Mrs. H. C. Newton of this city motored to New Brighton on Sunday.  
Mr. and Mrs. Frank G. Hanks of Third street, announce the birth of a daughter last week.  
Mr. and Mrs. Joseph Nocera, and Mr. and Mrs. Clem Gincola, have concluded a visit with friends at New Castle.

## Women's Club Has Interesting Meet

### Annual Election Of Officers Held At Session Tuesday Afternoon

ELLWOOD CITY, Feb. 14.—An unusually interesting meeting was held by the Women's club of Ellwood City Tuesday afternoon at the home of Mrs. A. F. N. Thomas on Glenn avenue. There were about 50 members present.  
The principal event of the day's program was a characterization of the wives of past presidents of the United States by several club members. Tea was served at the close of the program by a committee.  
Later a business meeting was held at which an election of officers was held. The results were as follows: President, Mrs. W. L. Dean; first vice-president, Mrs. L. J. Mulbacher; second vice-president, Mrs. J. F. Jenovese; third vice-president, Mrs. R. J. Hawke; recording secretary, Mrs. James McAnlis; corresponding secretary, Mrs. Louise Fisher; treasurer, Mrs. E. B. Yahn; directors, Mrs. J. W. Humphrey, Mrs. T. B. Magee and Mrs. Thomas Haines.  
The club will meet again on the second Tuesday of March.

## Club Meets With Mrs. Boyd Zeigler

ELLWOOD CITY, Feb. 14.—Mrs. Boyd Zeigler was hostess to the Modern Bridge club last night at her home on Woodland road. Mrs. James Fitzgerald was a special guest.  
Bridge at two tables was in play. Mrs. George Kay and Miss Agnes Weiskopf were the winners of the high score awards at the close of the games.  
An added feature was the serving of a luncheon by the hostess with the assistance of Mrs. Fitzgerald. Miss Weiskopf will entertain the club in two weeks at her home on Wood street.

## Ladies Honored At Valentine Party By Kiwanis Club

### Dinner And Play Features Interesting Event In Lutheran Church Here

ELLWOOD CITY, Feb. 14.—Ladies of Kiwanis members were guests of honor at the club's annual Valentine party held in the local Trinity Lutheran church Tuesday evening.  
After the serving of a wonderful dinner at a table beautifully decorated in the prevailing colors and appointments, those present enjoyed a clever impersonation of Clara, Lu and Em, of radio fame, by Mrs. R. A. Snedden, Mrs. Mary Singloub, and Dr. Anna McKinley, of this city. An informal social period with chat and music followed.  
The club at this time honored Mr. and Mrs. C. M. Wallace, who leave today with their family to make their home in Porto Rico. President H. S. Gold bid them farewell in a few well chosen words and in behalf of the club presented them with a gift.  
Next week the club will join with Rotary and the local Chamber of Commerce in hearing a special speaker.

## Mrs. W. E. Bayers Entertains Club

ELLWOOD CITY, Feb. 14.—Mrs. W. E. Bayers entertained the Dinner-Bridge club Tuesday afternoon at her home on Pershing street. Her sisters, Mrs. H. L. Wilson and Mrs. C. R. O'Neil were special guests.  
Following the serving of a delicious 1 o'clock luncheon by the hostess, two tables of bridge were in play. At the conclusion of the games Mrs. Harry Parthomere was presented with the high score award.  
The club will meet again in two weeks at a place to be announced later.

SEVENTH WARD  
NEWSTrucks Transport  
Many Loads Of FillCWA Projects To Beautify  
Spot Along River Bank  
Moves Along Fast

Several large trucks chugged away with load after load of fill from the property of Alderman H. G. Coates, North Liberty street, to the site of a CWA work project along the Mahoning river bank between Montgomery avenue and the M. Jackson road, yesterday. Because of the slippery condition of North Liberty street at the point where the trucks were being driven to and from the Coates property, several of the CWA men stopped north and south bound traffic while the trucks entered or left the steep driveway.

When the job is complete, the spot along the Mahoning river bank will have been transformed into a level beauty spot.

The riprap job along the river bank has been delayed some because of the extreme cold.

## S. S. CLUB MEETS

Miss Dorothy Hackett, of West Madison avenue, entertained a number of her young friends of the S. S. club at an evening meeting recently.

Games of varied kinds were played, with prizes being awarded for bingo.

The young hostess served her guests a delicious lunch at the close of play.

## SPEAKING TONIGHT

People of the Christian, Methodist and Presbyterian congregations of seventh ward and all others interested have been invited to hear Rev. Virgil C. Finnell, Indiana minister, in a lecture at the Mahoning "M. E. church this evening on the subject, "Why Girls Smoke."

## MERCURY AT 10 BELOW

The mercury stood at 10 below in the seventh ward at 6 a. m. today. Superintendent Edwin McBride of the post office branch reported.

## STORIES TODAY

As if the Pied Piper were calling them, the boys and girls of seventh

ward began to gather at the Mahoningtown library on Wabash avenue, at 4:00 p. m. today. They are to hear stories told by Miss Alice Joyce, children's librarian.

Train Stops Here,  
Throng Views It

A throng of seventh ward spectators saw the latest handiwork of modern railroad engineers when the Union Pacific railroad's bullet-shaped train passed through here this morning over the B. & O. lines enroute to Pittsburgh. The train halted for a short while and during its stop the onlookers found ample time to inspect it more thoroughly.

## MAGICIAN AT SCHOOL

Students of the Mahoning school enjoyed a sleight of hand performance given by Harry Johnson, Pittsburgh magician, in their regular assembly hour this morning.

## SEVENTH WARD PERSONALS

Mr. and Mrs. Kenneth Corey and granddaughter, Mary Lou Corey, of Canonsburg, were seventh ward visitors Monday.

Mrs. Leonard Hill, of Canonsburg, was a Monday visitor in seventh ward. Mrs. Hill just recently recovered from injuries received in an automobile accident.

Robert McClurg, student at Penn college in Cleveland, has returned to his studies following a short visit at his home on Fourth street.

## SURVEY ROAD ON

## PINCHOT PROGRAM

Survey is being made of the road leading from Parkstown Corners to West Washington street by state highway engineers.

This road is expected to be included in the next program to be announced for the local district, Highway Superintendent H. W. Lightner states.

Presbytery Meets  
In Central ChurchRev. A. J. Koonse Accepts Call  
To Enon Valley Church;  
Budget Is Reduced

The Shenango Presbytery met on Tuesday all day in the Central Presbyterian church with Rev. J. W. Engle, Bessemer, moderator, in the chair.

Rev. A. J. Koonse, LaVerne, Iowa, was received by letter from the Ft. Dodge Presbytery and a call from the Enon Valley church was placed in his hands and accepted. Arrangements were made for his installation Friday, February 23. Dr. S. A. Kirkbride will preside and preach the installation sermon; Dr. W. E. McClure will give the charge

to the pastor and Rev. J. G. Bingham of Wampum will give the charge to the congregation.

From 11 to 12:30 the time was given to the committee on Promotion of Field Activities, of which Dr. C. B. Winger of the Central church is chairman. Ten minute talks were given by Rev. W. F. Byers of New Wilmington, his subject being "Religion in the Home," Rev. J. A. King, Bell Memorial church, Ellwood City, "Evangelism," Rev. J. W. Holmes, West Middlesex "Training for Christian Service," and Elder George Ramsey from the First church, New Castle "Church Finances."

At noon the women of the host church served a luncheon menu.

During the afternoon session the apportionment of the benevolent budget to the churches of the presbytery was approved and the amounts set as a goal for the

churches is about one third less than in recent years.

N. M. Morfett gave a report of the national mission committee. The minister commissioners to the General Assembly were chosen, with Rev. D. C. Schnebly, pastor of the Mahoning Presbyterian church, as commissioner and Rev. J. A. King of Ellwood City as alternate.

Dr. Guy A. Morrill of New York City, gave an informative address "The Pension Board of the Church."

April 17 the Presbytery will again meet in the Central church.

The world's three questions concerning man: How much did he weigh? How much does he get. How much did he leave?

Get out in the world. Hill Billy songs and Negro spirituals were hick stuff until they left the places where they originated.

# Weingartner Bible Class Honors Teacher For 28 Years Service

Twenty eight years of service as a Bible class teacher were honored Tuesday night when the members of the Weingartner Bible Class of the Epworth M. E. church surprised the teacher of the class, Senator George T. Weingartner with a dinner and program in the church dining room.

The affair was a genuine surprise to Senator Weingartner. He had assumed that it was the regular monthly meeting of the class and knew nothing of the fact that it was in his honor until he and Mrs. Weingartner had come into the dining room and were seated. Members of the Weingartner family were special guests.

**Bounteous Dinner**

The dinner itself was one of those things that make for bigger and better waistlines. Roast chicken, baked fresh ham, with various and sundry vegetables, topped off with pie left the hundred men and women present in a state of gastronomic content. The invocation was pronounced by the superintendent of the Sunday school, Norman Clark, who with Mrs. Clark and their daughter and Assistant Superintendent Carl Weide were special guests.

For the dinner the tables were arranged in a huge "W" with valentine decorations adding a colorful touch. As the guests finished eating, Russell Rhodes, a member of the class directed the crowd in singing an original song which Miss Lavina McConaghy had written for the occasion. William Lewis, the toastmaster, then introduced the chairman of the dinner committee, Mrs. C. L. Sipe and after a few brief remarks she presented Senator

Weingartner with a token of the esteem in which he is held.

Senator Weingartner responded in a brief address. He reminded the class members that he had started teaching them when they were youngsters in high school and that through the years he had endeavored to keep pace with them "I have attended many functions of various kinds in my life" said he, "but none of them have the meaning for me that this one has, tonight. It will mark one of the high spots of my life and I want you to know that I appreciate it."

**Then The Minstrel**

A short intermission was taken while a group of the class members got ready for a minstrel show which was an original production. With William Lewis acting as interlocutor the black faced minstrels presented a skit that lasted about one hour. No one was spared in their lampooning and no one cared for everybody was on the spot. A quartet composed of Russell Rhodes, Charles Miller, C. L. Sipe and Harry Marshall did a Mills Brother number and Mrs. Harry Marshall presented a solo. Little Jane Rhodes gave two readings. Later an original song composed by Mr. Rhodes and Mrs. Sipe was sung by the crowd.

The entire evening was an unusual tribute to Senator Weingartner. The class of boys and girls he started to teach 28 years ago has developed into a large group of responsible men and women who take their part in the work of the church and the community and who have on their rolls men and women of sufficient talent to produce an evening's

entertainment such as Tuesday night.

The dinner committee was composed of the following, Mrs. C. L. Sipe, chairman; Mrs. Newell Kelly, Mrs. Benjamin Jones, Mrs. Willard Jones and Mrs. George Kennedy. The entertainment was in charge of Russel Rhodes.

## Slightly Injured In Auto Accident

Mrs. Carrie Coulter, Highland avenue extension sustained a slight injury to her face yesterday afternoon when an auto operated by her son Robert Coulter, R. D. 5 and a city truck, driven by J. A. Graham collided at Highland avenue and Glenmore boulevard. The accident occurred about 4 p. m.

Graham reported to police he had operated his truck from Glenmore Avenue into Highland avenue when the machine driven by Coulter going south at a fast rate struck the machine. Coulter's version is that the city truck pulled from Glenmore Boulevard into Highland avenue in front of his car.

## Orders Payment Of Wage Claims

(International News Service) PITTSBURGH, Feb. 14.—Payment of 180 priority wage claims outstanding against the Girard Model Works, Inc., of Girard, was authorized by Federal Judge Nelson McVicar here today.

The order approving payment of the claims, none of which exceeds \$200, was given at the request of Lamont C. Feist and S. Boyd Gun- ning, receivers of the concern. Their petition stated the payment would not unduly replete their cash on hand and that it was an important contribution to the "contentment of the employees."

## Pay Gas Bill: Brewery Saved At Oil City, Pa.

(International News Service) PITTSBURGH, Feb. 14.—An overdue gas bill almost cost stockholders of the Oil City Brewing Company a neat \$25,000, it was disclosed in federal court today.

Receivers for the company recently were told, according to their petition on file here, that if they didn't pay a gas bill for \$93.32 owed the United Gas and Fuel Company, within an hour, service to the brewery would be shut off.

It was an emergency, the receivers reported to the court, so they paid the bill without first obtaining judicial sanction.

Federal Judge McVicar approved their action. Discontinuance of gas service would have stopped brewing production and caused a damage of \$25,000, the receivers said.

## STREET BEGGER HAD \$955 IN POCKET

(International News Service) DENVER, Colo.—"That money is my capital," John Smith, 63 explained, "I need the nickels and dimes for running expenses."

He was arrested for "mooning" nickels and dimes from passersby on a Denver street corner. Taken to police headquarters \$955 was found in his clothes. Smith was dismissed after Magistrate Alvin H. Pickens fined him \$50 and costs and persuaded him to place his money in a bank for safe-keeping.

Anglo-Russian Trade Pact Is Ready To Sign

(International News Service) LONDON, Feb. 14.—An Anglo-Russian trade agreement has been concluded, Lieut. Col. D. J. Colville, secretary of the Overseas Trade department, announced in the house of commons today. The agreement will be signed on Friday.

## Russo-Japanese War Break Looked For This Summer

(International News Service) TOKYO, Feb. 14.—Forecasts of early war between Russia and Japan were prominently displayed in the Tokyo newspapers today.

Gengo Sakabe, Japanese consul at Vladivostok, was quoted as saying that Soviet officials in Siberia are certain that hostilities will break out before the summer is over. The Soviet government, he added, is holding up exports in order to concentrate supplies in the Far East.

## C. W. A. Fund Is Authorized

(International News Service) WASHINGTON, Feb. 14.—The administration bill, authorizing \$950,000,000 appropriation for civil works was finally enacted by congress this afternoon when the senate adopted the conference report.

Repeal helps France little. Since he has liquor at home, the tourist doesn't get drunk enough to buy dirty post cards.

## Phillips Takes Out Petitions

Butler Man Expected To Be Candidate For Nomination For Governor

MANY CANDIDATES SECURE PETITIONS

By G. EVERETT DOYING  
International News Service Staff Correspondent

HARRISBURG, Feb. 14.—Thomas W. Phillips, Jr., Butler oil man, has taken out Republican nominating petitions for governor, it became known today—the first day for circulating or filing the petitions for the May primary.

Although friends have been anticipating Phillips' announcement for governor for some time, he has maintained a non-committal silence regarding his plans.

Phillips has been sounding out sentiment for some time and now that he has procured petitions he is expected to toss his hat openly into the ring.

Arrival of the first day for circulating petitions usually marks the unofficial opening of the spring primary campaign. The day this year finds Republican organization leaders still idling over their slate-making tasks and the Democrats divided into two camps, each with a slate in the field.

Several hundred candidates already have obtained nominating petitions but, except for Phillips and Secretary of Internal Affairs Philip H. Dewey, seeking re-election, none of them is considered to be a "seeded" aspirant. Many of the petitions have gone to would-be party committeemen, some to candidates for

the general assembly and state senate and a few to congressional candidates.

No requests for petitions have been made to the bureau of elections either by the organization Democrats whose ticket is headed by Joseph F. Guffey for the senate and George H. Earle 3d, of governor, or by the Independents who have tentatively slated State Senator Henry L. Snyder for U. S. senator and Judge Charles D. Copeland for governor.

Both groups may make their requests for blanks within a few days. Free petitions are given candidates up to twice the number needed. Additional copies cost ten cents each.

ARMAMENT RACE COST WORLD 3½ BILLIONS

(International News Service)

BERLIN, Feb. 14.—Fifteen billion gold marks, slightly over \$3,570,000,000 at par, could have been saved by the world if it had followed the example of Germany and had disarmed according to a survey compiled by the German "Institute for Analysis of Business Conditions."

Between 1913 and 1930-31 the world increased armaments by about two-thirds while Germany cut them down by more than two-thirds the survey's compilers claim.

From 1929 on a boom year of world production, until 1932, the year of the most stringent economic crisis, the world production of goods decreased by approximately one-half, while expenditures for armaments during the same period increased by about seven per cent.

BOOTLEGGERS USE SOME NEW METHODS

(International News Service)

DENVER, Col. Feb. 14.—Fear that their means of livelihood would soon be taken from them by legalization of the sale of liquor, Denver bootleggers are pushing sale of their wares by ingenious means. One of the favorite methods in vogue is to sell chances on punchboards for bottles asserted to contain "bonded" whiskey.

SNOW PLOUGH OUT

Snow shovellers of New Wilmington were surprised on Tuesday morning when they grabbed their shovels preparatory to the cleaning of their sidewalks free from the snow that had fallen during the night. A plough had traversed the entire town before many had risen from their beds. The state snow plough had also cleaned the main streets of the borough.

PRACTICING FOR MINSTREL The local fire-fighters are tuning in on Amos and Andy nightly so that they may secure that Harlem accent in preparation for their annual minstrel show which is to be presented in the near future. Harold Anderson will be the interlocutor of the minstrel and from all reports is nearly as good as Amos himself. The minstrel is an annual af-

fair of the local organization and is always a great success.

ROTARY MEETS

New Wilmington Rotarians were given an interesting resume of the Boy Scout movement in America by Ralph Davis of New Castle, supervisor of the Boy Scout movement in Lawrence county, at their regular meeting on Monday night. The address was befitting of the season, this being the time that the Boy Scout movement is celebrating its 24th anniversary. Mr. Davis told of the formation of the movement, its work and its progress. A meeting will be held on Thursday night in honor of Lieutenant Governor Shannon, who will be the guest of the Rotarians on that evening. This meeting will take the place of the regular meeting on next Monday evening.

WORK IN COLD WEATHER Although much criticism has been voiced throughout the nation as to the work done by CWA employees on the federal projects, no such objec-

tions have been made of the local group of workmen. Glad of any chance of work, they have gone to their duties with a vim and vigor that has shown results in their various projects.

SUCCEEDS AS COACH

Russell Byler, son of Mr. and Mrs. Jeff Byler, north of town, is considered one of the best schoolboy coaches in the district, especially since his taking over the reins of coaching at Elizabeth high school at Elizabeth, Pa. Going to that place several years ago with very little prospect of winning teams, he has developed combinations that are feared by their rivals. His basketball team this season has dropped four and won 11 tilts. Byler is a graduate of New Wilmington high school and Westminster college. He has coached at Bessemer, Punksutawney, Kane and Elizabeth and has developed powerful clubs in all these communities.

NEW WILMINGTON NOTES Mrs. William Lininger of Cleve-

land, O., is visiting at the home of her mother, Mrs. Mary E. McKee in the Bank apartments for a few days. Ellsworth Skillen of New Kensington was a visitor at his home west of town over the week-end.

Martha Reed, who has been ill at her home for some time, is recovering slowly. Miss Rachel Byler, killed in an accident on Sunday evening, was buried from her home west of town today. Interment was made in the Amish cemetery.

TAX BATCHELORS IS LATEST MOVE

DENVER, Feb. 14.—Like Mussolini, James D. Parriott, Denver city attorney and Republican candidate for governor of Colorado in 1932, believes that unmarried men should be taxed. He recently cut the salary of Gerald McAuliffe, one of his assistants \$100 per year. McAuliffe is unmarried, and therefore, Parriott declared, he should be able to live on less than a married man.

NO PIES, NOR CAKES, FOR CITY PRISONERS

SEATTLE, Wash., Feb. 14.—No pies nor cakes for city jail prisoners but mattresses for those who are sober at 8 p. m. and blankets when necessary.

That's the new deal announced by Police Chief L. L. Norton for the city lockup. The mattresses will be taken away at 5:30 a. m. and everybody will have to get up.

Cakes and pies often conceal contraband or escape tools, the chief explained. Drug addicts are also forbidden gifts of fruit, candy and tobacco.

## New Castle High Defeats Beaver Falls 36-20

### Locals Step Nearer Section 3 Honors

Captain Reiber And Joe Kelly High Scorers, In League Battle, Tuesday

Beaver Falls Leads In First Period; Reserves Win In Preliminary 23-12

Clashing a fast attack after being on the losing end of the score in the first period, the New Castle high school basketball team came through with a brilliant 36 to 20 victory over their ancient rivals, Beaver Falls, last night at George Washington Junior high gym. It was the sixth straight section three victory for the Bridesburg team and just about sews up the championship for another year. Only a fair sized crowd witnessed the schoolboy battle.

In the first period the locals seemed lifeless as they allowed the Beaver Falls team to take a lead of 6 to 4. Reiber and Ostrosky had the field goals for the red and black passers in the first chapter, while Beaver Falls secured their points on field goals by Teraccio, a sub for Lesinski, and by Diciole. Fouls were tossed in by J. Carnelly and R. Carnelly.

**Locals Wake Up.**  
In the second period the locals, led by Hitchens and Kelly, snapped out of it with a bang and rang up 11 points and held the Hockhorne tossers to a single foul. The score at the half was 15 to 7 with New Castle leading—quite different from the first period. New Castle worked a lot smoother in the second period.

In the third period New Castle started right in where they left off, and tallied 12 more points with Reiber and Kelly throwing in two field goals apiece and Ostrosky and Kominic both scoring once from the field.

Beaver Falls made but five points in this session with Diciole having a field goal, Winowitz, a sub for Olzak, also having a field goal and Lesinski dropping in a foul. The score at the end of the third period was 27 to 12 in favor of the locals.

**Pile Up Points.**  
With four minutes of the fourth and final period gone or just one-half of the time New Castle led 31 to 14. In the final four minutes New Castle counted up five points and Beaver Falls made six. The scorers in the final period for New Castle were Reiber, Miles, sub for Kelly, and Kominic. Ostrosky was taken out and Nigro substituted. Reiber was forced out on four personal fouls after playing a whole of a game and counting up 13 points. Coach Heck, who tried various subs in the game, but to no avail, they could not stop the New Castle scoring punch.

The entire New Castle team played good basketball outside of that first period, with Reiber and Kelly the high scorers. For the visitors the work of R. Carnelly and Diciole was the best.

**New Castle Reserves Win.**  
In the preliminary game the New Castle high reserves coached by George "Gig" Thomas walloped the

Beaver Falls high reserves 23 to 12. The visitors never had a chance. At the end of the first half the score favored the New Castle team 14 to 7.

Outstanding in the game was the work of Al Mumford, Pratt, Tuscano and Nahas for the New Castle team, with Ossiski, Publio and Olzak doing the best work for Beaver Falls. The Beaver Falls team was held to four field goals by the fine guarding of Tuscano and Nahas.

### Union Defeats Slippery Rock In League 42-25

Union High Coasts To Another Victory In Section 18; Need One More

E. TODD-MORRISON STARS OF GAME

Union High School basketball team coasted along the victory highway last night at the Slippery Rock High floor 42 to 25 in a Section 18 league game, with the Slippery Rock quintet on the losing end. Coach Dave Boyd used most of his subs during the game. Union needs but one more victory to clinch the sectional title. E. Todd and Morrison were the big scoring stars of the battle, with the former caging six field goals and a foul for 13 points. Morrison had 12 points. It was the 11th straight for Union.

The score at the end of the first period favored Union 22 to 3. The Unionites started to click at the very start of the game and kept going last. Union made field goals right and left in the first period but Fleming, in the second period only scored three points. The Slippery Rock team played better the second period scoring 15 points. The score at the half was 25 to 18.

**E. Todd Is Star**  
Union was tripped by the illness of Dom Monico and his place was taken by E. Todd. Union was further weakened in the third period when big George Schaas was tossed out of the game via four personal fouls. Taylor played center the rest of the game.

In the final two periods Union scored 17 more points and held the Slippery Rockers to seven points. In foul tossing the Union team looked very good dropping in 10 out of 18 and Slippery Rock only made three out of 15.

**Mars High Next**  
Mars at Union Friday night will tell the story of how good this Union team really is. If Union wins Friday night it's all over for this year as far as Section 18 is concerned.

**Officials of the Lawrence County Baseball League Affairs To Be Discussed**  
Officials of the Lawrence County Baseball league today issued a call to managers or representatives of 10 baseball teams throughout the city and county as a meeting to discuss 1934 baseball will be held at the Sport Goods store Thursday night. The session will get under way at 7:30 p. m.

Representatives of teams desired at the meeting follow: Bessemer, West Pittsburg, Polish Nationals, Mahoning A. A., Universal Pottery, East Side Merchants, Croton, A. S. & T. P., Ellwood City and Volant. Officials of the CWA and city have agreed to fix up grounds and several plots already have been inspected. No doubt some of the Lawrence County league diamonds also will need fixing and managers should interview owners of the ground asking if they will lease the ground for a nominal sum so that it can be used for recreation purposes and nothing else.

**CATHOLICS WIN GAME**  
Catholics basketball team of the South Side defeated the Ellwood City Princes 37 to 22 in a game at the Lincoln school gym. Zingaro and DeCaprio were the big stars of the game. Boone and Richards were the best for the Frisco team with 15 of the points.

Coincident with their departure, the athletic board was to meet here to select Neale's successor. Trusty Tallman, freshman mentor last fall, is regarded as a possible choice for the position.

**JAIL DOES NOT APPEAR POPULAR**  
(International News Service) HOODRIVER, Ore., Feb. 14.—Hoodriver law enforcement officers are puzzled at the unpopularity of their jail. It is well heated, the food is up to standard and even magazines are available for the offender of the law. But for several weeks the cells have been empty—the first time for many years.

### ICE QUEEN By Jack Sords

### Dodds To Again Lead Sportsmen

Lawrence County Sportsmen's Association Make Nominations  
Lawrence County Sportsmen's association met last night at the Elks club where Andrew Dodds and John Doe were nominated for president for the coming year. As John is a mythical person and the sportsmen desire Dodds to again head the body his election is assured several weeks hence.

Other nominations follows: vice president, Dr. William E. Horner, Ray Slack and Adolf Jones; secretary, Frank L. Williams and William O. Pitts; treasurer, Thomas Bogan and Thomas Elliott. Directors nominated were Allen Cartwright, Louis McClung, George Brown, J. L. Mathews and Cy Ingham. Arrangements were made for a Wild Life exhibit here by the Pennsylvania Game commission March 8, 9 and 10.

**YERAGE HIGH SCORER**  
Yerage was the high scorer for the first half of the Catholic basketball league which has just ended. It was announced today Yerage had 20 field goals and 14 fouls for 72 points. He made an average of 12 points per game. Genock is second high with 42 points and Amobile is third with 31 points. St. Marys won the first half with five victories and one defeat. In second place was St. Vitus with four and two.

### Westminster Confronts Two Conference Foes

(Special To The News) NEW WILMINGTON, Pa., Feb. 14.—Facing two Tri-State conference foes in two nights, Coach John Lawther's Westminster college basketball team will have to be at their best following the letdown occasioned after the Geneva game Monday.

The Titans were pointed for the Geneva encounter, had an "on" night in shooting, and had the advantage of a whole week's rest following the Bethany game February 5 before they faced the Covenanters. But against Waynesburg on Friday night at Waynesburg and Bethany on Saturday night at Bethany the Lawthermen will have to play on small floors and will be tired from travel.

Both Waynesburg and Bethany will be hard to beat away from home. Last year Westminster defeated the Jackets twice by one-point margins, and had to play their best ball on both occasions. Bethany was also hard to defeat at Bethany. As a result, Coach John Lawther is holding scrimmage sessions in preparation for these two important league games.

Following the two-day trip, the Titans return home to play Allegheny on Monday, February 19, and then must face Pitt at Pittsburgh on Wednesday, February 21. Edinboro will be played at Edinboro on Saturday, February 24, in a game which promises to be hard to win.

### Thiel Defeats Allegheny 50-30

(International News Service) MEADVILLE, Pa., Feb. 14.—The basketballers of Allegheny College were unable to check their losing streak today. To add to their discomfort, Thiel College scored a 50 to 30 victory over them here last night.

### Shenango Tops Mt. Jackson In League 25 To 20

Ziegler And Polenick Lead Shenango To Co. League Victory At Mt. Jackson

THOMPSON STARS FOR MT. JACKSON

Shenango high school basketball team handed the fast Mt. Jackson high quintet a 25 to 20 upset last night at the Mt. Jackson floor. This was a county class A league game. In the preliminary game the Shenango high girls defeated the Mt. Jackson girls 47 to 21. Friday night Mt. Jackson high will go to Bessemer for another league game.

At the end of the first half the score was 12 to 6 in favor of Shenango, and it was anybody's basketball game. In the last half Shenango came through with 13 more points and held Mt. Jackson to 14 more points. The score at the end of the third period was 18 to 16 Shenango.

Thompson was the big star in the lineup of the Mt. Jackson high team, making 12 points, while Macaluso had seven points. For the Shenango high quintet the playing of Ziegler, Polenick and Hortege featured.

### Hamas Defeats Max Schmeling

Penn State Football Star Hands Former Champion Terrific Lacing

HAMAS TO FIGHT MAXIE BAER NEXT

By DAVIS J. WALSH International News Service Staff Editor

PHILADELPHIA, Feb. 14.—Once in the life of every defunct heavyweight champion there comes a time when head-shaking members of the trade gather around and gaze, more in rebuke than in sorrow, upon the man's professional cadaver. Corbett, Fitzsimmons, Jeffries, even Dempsey to some degree, qualified at one time or another as the guest of honor, or corpse, but it is the valedictory of an ex-champion who never was very good and who last night was terrible.

**Hamas Too Good**  
Max Schmeling, the German, was only a caricature and an effigy, yet as he lost ten out of twelve rounds to Steve Hamas at Convention Hall, it was difficult to believe that some one spoke of greatness.

One eye, the left, was nothing but a bloody blur. His face was puffed, his skin a patch of unsightly blotches. Hamas himself was bleeding all over the premises when the end came but nobody, among a sell-out crowd of 17,000 gave him any great heed.

**Baer And Hamas**  
Sacramento, Cal., Feb. 14.—Max Baer and Steve Hamas, heavyweight conqueror of Max Schmeling, will meet in New York in June.

So declared Ancil Hoffman, manager of Baer, today as he revealed Charlie Harvey, manager of Hamas, had agreed to the fight if Hamas defeated Schmeling last night.

"Jack Dempsey will be the promoter," said Hoffman. "Harvey already has spoken to Dempsey and myself and we both agreed to the fight."

Baer thinks Hamas is "a g o p p o n e n t," but he added "I guess I softened up Schmeling for him."

### Butler To Play Tinnners Tonight

Tin City Rovers And Butler To Play "Booster Game" Tonight At Senior High

Lead In Penn-Ohio League At Stake; Mill Teams To Play Prelim.

Tin City Rovers basketball team will play the strong Butler Penn-Drakes tonight at the Senior High floor in what has been designated as a "Booster" game. During the intermission of the basketball game there will be a wrestling bout by Ralph and Phil Adams, two tin workers. Rovers and Butler are tied for the Penn-Ohio league lead and a great game is looked for this evening.

Coach Arnold "Fiz" Fraser has the Tin City Rovers at the top of their game and will start Shaffer and Lackey at the forwards; Alexander at center, and Benedict and Laycock at the guards. This combination clicked very nicely against the Wilkes the other evening, and coach Fraser is confident that they can upset the Butlerites.

**Expect Big Crowd**  
In event of good weather the biggest crowd of the year will no doubt wend their way to the Senior High floor for the basketball games and wrestling match. Business Manager Raymond "Mickey" McBride is making arrangements for extra help tonight in seeing that everyone gets in the Senior High building and that they have seats.

The preliminary game tonight has all the earmarks of a first class battle, with the Oren Department of the Tin Mill playing the Mechanical department team. And what a game this will be. Don't fail to be at the Senior High early and get a load of this attraction.

**Fight For Lead**  
Taking it all in all the Senior High attraction tonight has them all stopped, and all for the price of 25 cents per ticket. Two basketball games and a wrestling bout. If you have ever witnessed the new improved style of wrestling with hands and feet just plan to be at the Senior High floor tonight and see these Adams boys go after each other.

The winner of the Tin City and Butler game tonight will go into the lead in the Penn-Ohio league for the second half. The Butler team eked out a small margin victory last Saturday night at the Butler floor and the Frasermen are anxious to avenge this setback.

It was announced by Business Manager McBride today that Davey Hoskins has been secured to referee the game tonight between Butler and the Tin City Rovers. Hoskins is one of the most popular young athletes of the city and one of the best officials in the district. His work in handling past games has been highly praised.

### Tops Rocky Cagers

Wesley M. E. defeated Tifereth Israel 17 to 16 and Sacred Hearts won from St. Michaels 40 to 31 and as a result the deadlock for first place continues in the "A" division of the Church Basketball league. ### TEXAN TRAINED FOX TO CHEW GUM

ODESSA, Texas, Feb. 14.—Sheriff Reeder Webb prides himself with the achievement of what generally was termed the impossible—training a fox.  
The sheriff "captured" a fox and taught it to search for chewing gum and chew it. He named the fox "Jojo."  
Jojo now has become the mascot of the court house family and often carries packages of gum to its master.

HERE AND THERE  
IN SPORTS' LAND

Pennsylvania Game News, February edition, carries a photograph and story, captioned "Because a Deer Hunter Failed to Look for Antlers". It is a pathetic picture, a scene of wild life tragedy—a doe cold in death, her fawn starving beside her, victims of man's unthinking cruelty. A deer hunter, intent on prey, ignored the rule of the woods, never to shoot before looking for antlers. He killed the doe and left the fawn, struck in one hind leg by a heavy slug, to starve or find victim to a prowling beast. The picture was taken by a conservation photographer near West Branch, Mich., rescued the fawn and it is being nursed back to health. According to Pennsylvania Game News, there is no need to point out the pathos of the picture it published and adds: "And there is no need kidding ourselves about the business of killing does, fawns or little spike bucks. Hundreds of them are killed every year. It's a cinch we're always going to have irresponsible hunters in the field—those wild-eyed guys that grab a gun and rampantly lie through the woods shooting at anything they see." The magazine says the good hunter must control the bad. The good hunter can report illegal killing or to investigate possible cases on the ground. During the past season a Meadville hunter ran across a tragic case. One of a pair of albino fawns, beautiful little animals, had been shot and left lying by a careless and deliberately ruthless "sportsman". The fawn was one of an albino family group of a buck, a doe and the two little fellows. Hundreds of others could be cited, the magazine declares, and adds that "if you're the kind of a sportsman you think you are, you will make a resolution to do all in your power to bring to justice those responsible for such cruelty."

with teams having halls on a "home and home" basis. The teams are the Castlewood Ex-Hi Stars, Castlewood Reserves and the Castlewood Girls Club. Miller is acting as the booking agent. His telephone number is 38R121.

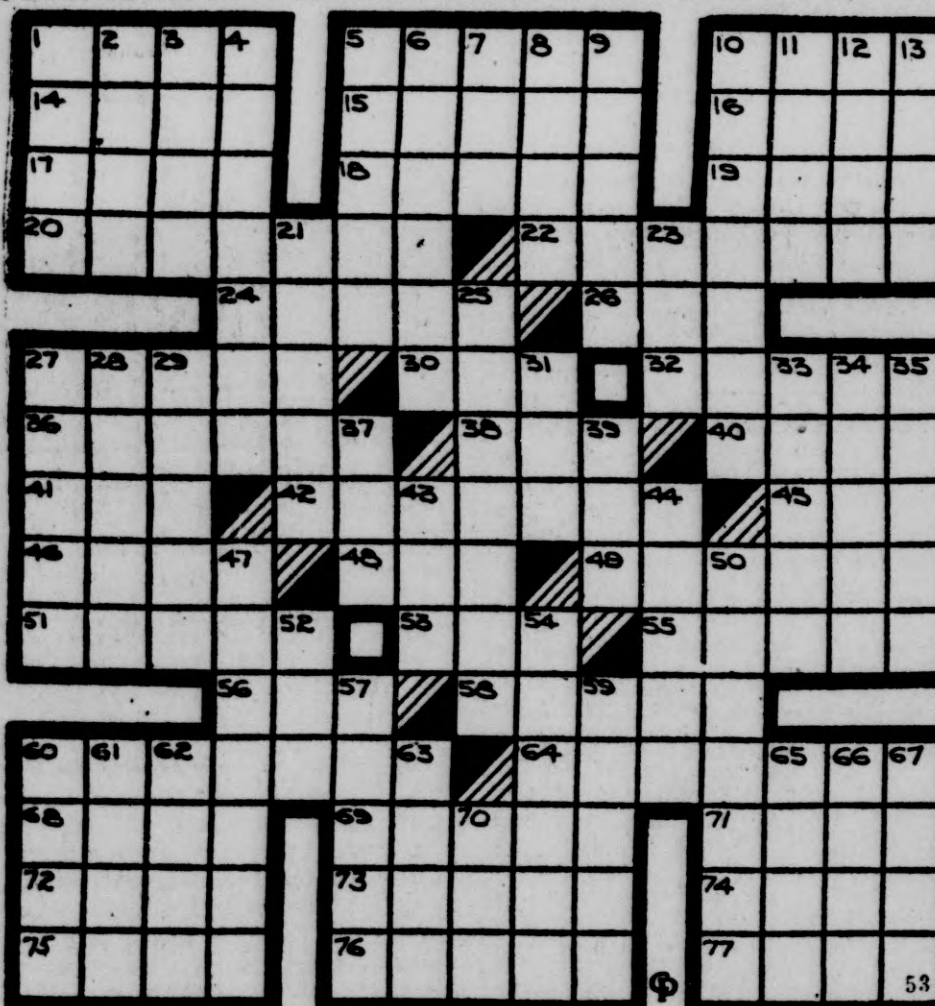

In view of what's transpiring in Austria we're somewhat concerned about our roly-poly Adolf Lang the Pennsylvania-American, who went back to his old home to see his father and mother, attend eight weddings, shoot a red fox and kill some wild boar. He took a train after disembarking, through Austria to reach his former home, Rachisdorf, Post Bietran, Jud. Tar-nava Mare, Roumania, but he can return to a German port via a train which travels through Czech-Slovakia, according to Bill Figuly. Well, if Adolf is the same Adolf we know he will get along. He knows when to talk and when not to talk.

Steve Hamas fought his way into the big money last night when he thoroughly laced Max Schmeling, former world's heavyweight champion, in 12 gory rounds at Philadelphia. Steve's win pleased a lot of the boys in the collegiate circuits hereabouts as he is a former Penn State football star and his brother "Jinks" is a former Westminster athlete. Any by the way, there's a new George Chip in the ring. If he goes as good as George Chip of this city did he will get somewhere. The new fighter, calling himself Young George Chip of Wilkes-Barre, lost a four-round decision in a preliminary bout to Paul Marques of New York in one of the preliminaries at Philadelphia.

Thiel walloped Allegheny 50 to 30 in basketball at Meadville last night. Ellsworth Vines, Jr., California net star, has made \$26,000 for one month's partnership with Bill Tilden. Travis Jackson, veteran infielder, has signed his 1934 contract with the Giants. Bill Metzger, coach, has quit as coach at Sistersville, W. Va., public school. Sharon came through over Grove City, 21 to 17, at Grove City. Waynesburg Jacks stung Juniata 51 to 28 at Huntingdon, Pa., in basketball. Steve Swetonic, veteran Pirate hurler, has been sold to the Braves.

No class is really trampled under foot except girls who dance with freshmen.

## Vienna Under Martial Law in Socialist Revolt

The general strike and rioting throughout Austria, which placed an added burden on the shoulders of Chancellor Engelbert Dollfuss (left), is the climax of a series of Socialist parades and protest demonstrations like that shown in top panel, which took place in Vienna recently. Below, a scene in Vienna under martial law during former disturbance when Heimwehr did patrol duty with machine guns at every street corner. At right, Prince Ernst von Starhemberg, commander of the Heimwehr, who supports Chancellor Dollfuss. (Central Press)

Poindexter, also above, of Hawaii, becomes the chief executive of the island territory following the appointment by President Roosevelt. It will be the first time in Hawaiian history that the daughter of a governor will be in charge of the mansion.

## Altar-Bound!—Say Friends

Phil Plant

Mrs. Edna Dunham

Close friends of Phil Plant, New York millionaire, and Mrs. Edna Dunham, also of New York, say the couple will wed in the near future. They are now in Florida, where, also, is Max Baer, boxer, to whom Mrs. Dunham once was reported engaged. Plant is the former husband of Constance Bennett, movie star.
